Dear Sir:

I visited the Los Angeles Federal Bureau of Investigation Headquarters the other day in order to obtain an application sheet for the position of messenger boy in your Washington Headquarters. The secretary informed me that a letter should be sent to Washington for this application.

I am twenty-three years old. I will have finished my second year of college at the end of this semester in June. It is then that I desire to go to Washington, eventually pass the Bar examination and become a Special Agent in the Field.

I do not have the habits of drinking or smoking. I am enrolled in the Advanced Civil Pilots Training course which will give me a 2S Pilots rating by June. Naturally, I would be very willing to use this knowledge and experience in any work that I would be called upon to do as messenger boy. My health is normal as I had to pass the Army Examination to get into this Advanced Training. I can also type about 50 words a minute.

Thanking you in advance for your kind consideration,
I remain

Dear Sir:

Re: LEROY BENTLEY SKOUSEN
Applicant - Messenger

On May 24, 1941, applicant was interviewed by J. W. VINCENT. He resides at 1409 Warteman Avenue in San Bernardino, California, telephone 52201. He was born in Raymond, Alberta, Canada, September 27, 1917, of American parents. His father and mother are living, and his father is engaged in road construction work. He has seven brothers and sisters. He has been in the United States since he was four years old, and his parents were born in the United States. He is of English and Danish descent.

Applicant graduated from San Bernardino High School in 1937 and thereafter went to England where he remained between 1936 and 1938 for two and one-half years as a missionary of the Mormon Church. He returned and will complete a two-year course at San Bernardino Junior College in June, 1941. He types about forty words a minute.

Applicant has a brother, CLEON SKOUSEN, who has been a Special Agent with the Federal Bureau of Investigation for about one year and has been employed since 1933 by the Bureau, originally as a messenger. He has a sister who was formerly a stenographer with the Bureau in Washington, but who is now married and is no longer in the service.

Applicant has relatives who operate the SKOUSEN Brothers Company in Albuquerque, New Mexico. This is a road construction company, and applicant has been employed for about one and a half years during summer vacations operating a diesel tractor with this company. He has a private airplane pilot's license. He is presently president of the student body of San Bernardino Junior College.

He stated that he has never been in any criminal difficulty; that he is registered for the draft, but has been advised by the Local Board No. 151, San Bernardino, that he will not be inducted into the service until about February or March, 1942. He has already filed his application with this Bureau, and would consider employment either here or at Washington, D. C.

(This applicant was neatly dressed, has a fairly good education, has an average personality, seems sincere and somewhat mature.)

The aim of the Executive order of September 4, 1924, under which this examination is made, is to obtain information as to the physical condition of appointees to the classified civil service with a view to promoting efficiency and minimizing accidents and claims under United States employees' compensation laws.

Notes for Examining Physician

WEIGHT.—Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed, but without wrap or hat. If overweight, state whether due to bone and muscle or to fat.

HEIGHT.—Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations:

1. **Eyes.**—Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses. Near vision must be reported. In testing vision without glasses the applicant or appointee should be instructed to remove the glasses at least one-half hour before testing uncorrected vision.

2. **Ears.**—Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. **Nose.**—Ability to blow through each nostril. If free, a speculum examination would not be indicated.

4. **Mouth and throat.**—Missing teeth, pyorrhea; tonsils, hypertrophy or disease.

5. **Gastro-intestinal.**—Ulcers, inflammations, etc.

6. **Thyroid.**—Presence of tumor in neck and tremor; exophthalmos; nervous high-strung disposition, especially in women.

7. **Heart.**—Murmurs. State whether functional or organic. If valvular disease exists, state whether or not it is fully compensated. Arteriosclerosis.

8. **Lungs.**—It is necessary that the auscultatory cough be used. If tuberculosis is present, state whether active or arrested; if arrested, state your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

9. **Hernia.**—Give details as to size, location, etc., and whether well-fitting truss is worn. Inguinal hernia exists when ring is enlarged and on coughing visceral impulse is felt which follows the finger on withdrawal.

10. **Varicocele.**—If varicocele is present, state approximate size—e. g., size of walnut, lemon, etc.

11. **Flat foot** of such a nature as to incapacitate or become aggravated by work or be alleged later to have been caused by accident or occupation. By "flat foot," as used in this form, is meant a weak foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. An anatomically flat foot, but strong, is not disqualifying.

12 and 13. Scars, deformities, atrophies, and paralyses should be noted, but it is not important that small insignificant scars or blemishes which might be referred to as marks of identification be recorded.

14. This entry should include symptoms and full history of any mental or nervous abnormality.

15. **Urinalysis** to be made in case of persons over 40, and in all cases where arteriosclerosis, nephritis, or diabetes is suspected.

Record of urinalysis, if made: Sp. gr. 1.020 Albumen neg Sugar neg Casts none

Mr. FRANK MURDOCK, Secretary of the L.D.S. Mission, Salt Lake City, Utah, advised that Applicant served in the British Mission at London, England from October 28, 1936 to November 16, 1938, and that during this time Applicant proved himself to be a very fine missionary in every respect.

His record is kept by the L.D.S. Mission on all of its missionaries as to how they do their work and what influence they have on the people with whom they are associated. Mr. MURDOCK advised that Applicant's record showed that he was resourceful, careful, alert, very dependable, and one whose character was beyond reproach, and one who lived within his means.

Mr. MURDOCK stated that from his records he could recommend Applicant very highly. However, he did not know him personally and could only recommend him from the records. However, he further stated that Applicant's records were far above the average type of missionary and for that reason he figured he was safe in saying that the Applicant was a

EDUCATION

The Registrar at San Bernardino High School was contacted and checked the records of his institution at which time it was noted that the Applicant enrolled therein from September, 1933, to June, 1936. The Applicant pursued a college preparatory course, and had an above average intelligence quotient. The school records indicated that Applicant was born at Alberta, Canada, on September 27, 1917; that he participated in various extra-curricular activities such as debating, cardinal forensics, basket ball, and he was a member of the Cardinal Civics Club, which club promotes fellowship and cooperation in the boy's division at the High School. The various grades made by the Subject while enrolled at San Bernardino High School were viewed, and it was noted that his grades were above average.

H. C. McMILLAN, principal of the High School, spoke very highly of Applicant, stating that he was a fine boy, honest, willing, and a tireless worker.

MISS RUTH SHILLING, Assistant Registrar, San Bernardino Valley Junior College, was contacted relative to Applicant's record while enrolled at the Junior College for the period of September, 1939, to June 20, 1941. MISS SHILLING remarked that Applicant made an above average grade on the Iowa, Thurston, and Nelson Denny Intelligence test. Applicant listed on his school records the fact that he intended to pursue a Government major course, and accordingly took the necessary subjects along these lines. Applicant's father's birth place was noted to be Springerville, Arizona, and his mother's, St. George, Utah. MISS SHILLING indicated that the Applicant in his last year at the Junior College was president of the Student Body. It may also be noted that Applicant in his last year at the Junior College won a Kiwanis Scholarship, which scholarship amounted to \$100.00 and is given in the nature of a loan to a deserving student who has shown by his all-around student ability that he is deserving of student assistance. Applicant had no derogatory information recorded against him at the Junior College, and it was pointed out by MISS SHILLING that he was a very outstanding student, that in 1939, she believed, Applicant won first place in an extemporaneous speaking contest held at Oregon, and that last year he won second place at an invitational speaking tournament at Bakersfield, California.

Inasmuch as DR. NICHOLAS RICCIARDI, president of the San Bernardino Valley Junior College, was listed as a reference by Applicant, the results of his interview will be set out later in this report.

The Registrar of the Lincoln Sturges Junior High School, San Bernardino, was likewise contacted, at which time it was determined that Applicant attended that school from 1932 to 1933, and that he made a creditable showing in his school work. The school records here reflected

no derogatory information concerning Applicant.

REFERENCES

The following investigation was conducted by Special Agent FRANK KEENEY, Los Angeles, California.

RUSSELL J. STANDING, 257 25th Street, San Bernardino, California, Assistant Highway Engineer, California State Highway Department, advised that he has known Applicant for about ten years; that he is the former scout master of a boy scout troop in which applicant was a member; that Applicant was an outstanding member, rising to the position of Eagle Scout, later being made scout master to succeed him. MR. STANDING advised that Applicant graduated from San Bernardino Junior College where he was an excellent student, being primarily interested in debating; that he toured the country as a member of the debating team; that he was also interested in the work of the Church of the Latter Day Saints, spending about two years in England doing missionary work.

MR. STANDING described applicant as honest, industrious, reliable, of good habits, and neat appearance; further that Applicant is one of about eight children, the family being well regarded in San Bernardino; that they are all loyal American citizens, and he knows nothing derogatory concerning any of them and recommends applicant without reservation.

NICHOLAS RICCIARDI, 786 Mission Drive, San Bernardino, California, is President of the San Bernardino Junior College. He advised that he has known Applicant for about four years and Applicant's family for about eight years; that between high school and college, Applicant traveled for a period of about two years doing missionary work in Britain; that while Applicant was at college he was an outstanding student, serving two terms as president of his Student Body; that he was interested in debating and enjoyed considerable success in that endeavor.

MR. RICCIARDI stated that Applicant meets people very easily and makes a favorable impression upon them; that he is of good habits, industrious and intelligent; that Applicant advised him that he intended to make the work of the Federal Bureau of Investigation his vocation. MR. RICCIARDI further advised that the SKOUSEN family was well regarded in San Bernardino, and he had never observed any indication of any subversive tendencies on the part of any of them. He knows nothing of a derogatory nature concerning Applicant or any member of the family, and his only criticism of Applicant was that he had a tendency to undertake too much work. MR. RICCIARDI recommends Applicant for the position and states that he would be a credit to the Federal Bureau of Investigation.

EBEN R. T. BLOMQUIST, 470 Seventh Street, San Bernardino, California, is associated with the Chief Commissary Clerk at the California State Prison at Chino, California. MR. BLOMQUIST stated that he has known

Applicant for about fifteen years; that Applicant grew up with children of his own attending high school and junior college with them; that he has very high regard for the Applicant, stating that he is intelligent, industrious, a good conversationalist, and possessed of no apparent bad habits; that he meets people very easily and makes a good impression upon them.

MR. BLOMQUIST stated that Applicant had a very fine record while at school; that he is a member of a large and respected family, all of whom are regarded as being good citizens. MR. BLOMQUIST further stated that Applicant was in England doing missionary work for a period of over two years on behalf of the Church of the Latter Day Saints; that he knows nothing derogatory concerning the Applicant or any member of his family; that Applicant has an older brother who is a Special Agent of the Federal Bureau of Investigation. MR. BLOMQUIST recommends Applicant without reservation.

WEBB K. BROWN, 1581 Mt. Vernon Street, San Bernardino, California, is employed as a machinist on the Santa Fe Railroad. He advised he has known Applicant for many years; that Applicant was formerly a member of his Sunday School class; that upon finishing high school the Applicant spent two and one-half years in the British Isle in missionary work on behalf of the Church of the Latter Day Saints. MR. BROWN described Applicant as being honest, reliable, of clean habits; that he makes good appearance and meets people easily; that while at the school he was a member of the debating team and enjoyed considerable success in tournaments.

MR. BROWN has never observed any faults in Applicant. He stated that Applicant is aggressive and undertakes work beyond his years. MR. BROWN stated that he is acquainted with the SKOUSEN family. He states that they enjoy a good reputation in the community and are regarded as good American citizens. MR. BROWN recommends Applicant for the position.

JAMES P. KELLY, 1405 Waterman Street, San Bernardino, is a clerk in the Store Department of the Santa Fe Railroad. He advised that he occupies a house next to and owned by the SKOUSENS; that he has lived there for about seven years and has known Applicant and his family for that period of time. He described Applicant as being intelligent, industrious, of good morals and personality; that he presents a good appearance and meets people easily; that to his knowledge applicant has never been in any trouble. MR. KELLY stated that Applicant is a member of a large family who bear an excellent reputation in San Bernardino; that he has never observed any indication of un-Americanism on the part of Applicant or any member of his family; that he knows nothing of a derogatory nature concerning them and recommends Applicant without reservation for the position of Messenger.

NEIGHBORHOOD

The following neighbors of Applicant were interviewed:

MRS. W. D. ENGLISH, 1417 Waterman Avenue, ALF JOHNSON, 1325 Waterman Avenue, MRS. ANNA BULLOCK, 1420 Waterman Avenue, were contacted at which time their opinions were that Applicant and the SKOUSEN family were regarded very highly in the neighborhood, and that they could think of no possible information which would in any way reflect in a derogatory manner.

The above individuals furnished information already set out in this report, and remarked that this family has been at all times to their knowledge loyal to the United States. Applicant was said to have conducted himself in a gentlemanly manner, possessed of good habits, and a conscientious student.

The SKOUSEN family was said to consist of six boys and two girls, their names in the order of their age being:

CLEON (Special Agent, Federal Bureau of Investigation)
IRVIN
LEROY
MAX
KEITH
KENNETH
RITA (Now married)
MILDRED, (about 15 years of age)

GENERAL

MR. SCHWARTZ, one of the chairmen of the Local Draft Board #151, San Bernardino, California, advised that Subject's draft classification was 1-A, order number 2157, and he indicated that Applicant would not be called for some time due to the fact that San Bernardino's quota is relatively small.

Inquiry at the Identification Bureau of the San Bernardino County Sheriff's Office and the San Bernardino Business Men's Credit Bureau proved negative. Applicant was reported to have some knowledge of flying, in that he took lessons at San Bernardino airports.

Dear Sir:

In accepting an appointment to a position in the Federal Bureau of Investigation, United States Department of Justice, I hereby agree that I will be governed by the following provisions:

1. That my retention in the Bureau will be contingent upon the performance of satisfactory services.
2. That the confidential character of the relations of the employees of the Federal Bureau of Investigation with the public, and with each other, is fully understood by me.
3. That the strictly confidential character of any and all information secured by me in connection, directly or indirectly, with my work as an employee of this Bureau, or the work of other employees of which I may become cognizant, is fully understood by me.
4. That neither during my tenure of service with the Federal Bureau of Investigation, nor at any time, will I violate this confidence, nor will I divulge any information of any kind or character whatsoever that may become known to me to persons not officially entitled thereto.

I further certify that the conditions specified herein are agreeable to me, and that I am entering on duty as an employee of the Federal Bureau of Investigation with a full knowledge of the conditions above set forth.

Mr. Skousen, who entered on duty in the Files Division on August 5, 1941, and who entered on duty in the Bureau on August 4, 1941, advises that he is registered with Selective Service Board #151, 490 Court Street, Room #9, San Bernardino, California, of which Board Mr. W. A. Schwartz is a Member. Mr. Skousen's Order Number is 2157.

Mr. Skousen has received his questionnaire and before departing from San Bernardino for Washington to accept a position with this Bureau, contacted Mr. Schwartz who placed Mr. Skousen in Class 2-A, Mr. Schwartz advised that he fully understood the importance of the Bureau's work and that he felt Mr. Skousen should be in this Class. Mr. Skousen did not seek deferment on any other grounds. Mr. Skousen advised that Mr. Schwartz requested him to advise this Bureau when he reached Washington that this Bureau should forward to the Local Board at San Bernardino a form (evidently a letter of deferment) which should outline and explain Mr. Skousen's duties. This is the complete information in Mr. Skousen's possession and action is left to your consideration.

LEROY B. SKOUSEN

I am the Director of the Federal Bureau of Investigation, United States Department of Justice.

The Federal Bureau of Investigation, United States Department of Justice, has been designated by the President to take charge of investigative work in matters relating to espionage, sabotage and violations of the neutrality regulations. This Bureau is also charged with the duty of investigating other matters bearing upon the maintenance of the internal security of the United States. The duties thus imposed upon this Bureau constitute a vital function in the national defense program of this country. At the present time this Bureau is required by Act of Congress to expand its personnel in order effectively to discharge the important duties devolving upon it.

Leroy B. Skousen has been employed as a Clerical Employee by the Federal Bureau of Investigation since August 4, 1941. He was selected for this appointment after an extensive and complete character and fitness investigation had been made. He cannot be replaced satisfactorily because of the shortage of persons with his qualifications for such activity. Individuals appointed to positions in the Federal Bureau of Investigation must not only be of good character but must be in excellent physical condition and within the age group of Selective Service. Extreme difficulty is being experienced at present in obtaining a sufficient number of qualified applicants to take care of the increasing expansion of this Bureau and it is impossible to consider a replacement of any individual for this reason. Immediately upon entering on duty, appointees begin an intensive training course to qualify them in the handling of the confidential and exacting duties of employees of this Bureau. It is suggested that Mr. Skousen be given Classification II-B.

MEMORANDUM FOR Mr. Patterson

Re: Reassignment of boxes
in distributing units.

It is respectfully suggested that consideration be given to the possibility of reassigning the boxes in the various mail distributing units of the Files Section so as to conform with the assignment of boxes in the fifth floor messenger room. It is believed that the messenger bags could thereby be arranged in logical sequence resulting in greater facility in handling the mail.

At the present time the various distributing racks are arranged in a more or less promiscuous manner which causes the messengers to lose considerable amount of time. At the present time it is not possible to have the compartments of the messenger bags conform with the arrangement in any of the units. This is not only confusing to new messengers but frequently makes it inconvenient in picking up mail in the larger distributing rooms. It is thought that a reassignment of the boxes in all of the distributing rooms and the compartments in the bags would tend to prevent errors and speed up the messenger runs.

Respectfully

Leroy B. Skousen

Leroy B. Skousen

ADDENDUM:

I have talked to Mr. Skousen and thanked him on behalf of the Bureau for his suggestion, which was an excellent one, and which has been put into effect. Mr. Skousen has shown very good initiative and alertness in this and his suggestion was very practical. I have explained to him that a letter will not be written to him thanking him for his suggestion but that instead this memo will be filed in his personnel file.

MEMORANDUM FOR MR. NICHOLS
RE: LEROY B. SKOUSEN
Files Division Employee
CAF 1 - \$1260
45-Day Efficiency Report
EOD 8-4-41

Mr. Skousen performed messenger duties when he first entered on duty, during which time he made an excellent suggestion for the entire rearranging of boxes; which suggestion was a very good one. He is now performing clerical duties in the Filing Unit and his work has been decidedly above average. Mr. Skousen is mature, intelligent, and always uses excellent common sense and judgment. His production to date is about average, but this is due, I believe, only to his inexperience in the Filing Unit. He is absolutely dependable and reliable, is energetic, gets things done; he has exhibited excellent initiative and enthusiasm and his attitude is beyond reproach. Mr. Skousen has had considerable experience in meeting and dealing with people, all of which is reflected in his work. Mr. Skousen is decidedly an above average Bureau employee and should develop far in the service.

slightly older than the average new messenger and appears
to have a better understanding of his work than the
average new employee. He has had two years of college
work and has spent two years in England. He is planning

to enter National University in the fall to begin the study of law, hoping to become a Special Agent when he completes his study there.

As you know, he submitted a plan of arrangement for the boxes in the Front Office and the messenger's bag which shows considerable work and thought on his part and which I think will, in the future, save quite a bit of time for the new employees.

I think Mr. Skousen's work as a messenger has been outstanding, and if he continues to exercise the same energy and enthusiasm in his future positions I believe that he will be an outstanding employee. I would rate him "Above Average."

The above work as a messenger has been outstanding. He showed more than the average of enthusiasm and initiative in the handling of his work. He was quick and eager to learn the functions and duties of the Files Section and was always

anxious to be of assistance in carrying them out.

He, on his own time at home, worked out a system of arranging the mail boxes and the messenger bags which has been of material assistance, both as a time saver and to the new messengers in learning the runs. He did a very fine job assisting me on the recent surveys of the messengers runs, carrying out any suggestions I made and also worked out some interesting data himself.

I consider the above to be above the average employee.

James F. Kennedy

September 18, 1941

Mr. Skousen has been under my supervision for three days, therefore, I am unable to say anything of value regarding the employee's work. Mr. Skousen gives me the impression of being an above average employee in that he is very enthusiastic and shows plenty of initiative. He also asks very intelligent questions and is sincere and conscientious in everything that he does.

Nates A. Coleman

Mr. Skousen is an alert, intellectually inquisitive, hard working young man. He is above average in ability and intelligence and will undoubtedly become an above average employee.

Mr. Skousen seems to be an employee of exceptional ability. However, I have not had the opportunity to observe him for an extended length of time other than when he was in the status of messenger. I do feel that he will be found to rate among the very best employees yet assigned to the Files Division.

Gentlemen:

Referenced is made to the Selective Service case of
Mr. Leroy B. Skousen who is duly registered at your Board as
Order No. 2157. You will recall that under date of August 8,
1941, D.S.S. Form 42 executed by me was issued to your Board
requesting that he be placed in a deferred status. Accord-
ingly, he was granted deferment in Classification II-B.

In accordance with the new Selective Service regu-
lations I desire to advise you that Mr. Skousen, in view of
his increased experience and length of service, has now been
promoted to a salary of \$1440 per annum. This information
is being furnished to you in order that you will, at all times,
have a complete set of facts with regard to this case.

Sincerely yours,

MEMORANDUM FOR MR. PATTERSON

December 17, 1941

It has been requested that I enroll in the Federal Bureau of Investigation Accounting Course. I was informed that said request should be placed in the hands of my supervisor. Naturally, it is also my desire that I be considered and enrolled in this course since my ultimate aim is to be of more service.

Any consideration and suggestions in this matter will be deeply appreciated.

Sincerely,

Leroy B. Skousen

Dear Sir:

Revised instructions covering the classification of 2-B now limits the period of deferment to six months. Otherwise, the regulations remain unchanged, the principal requirements being that the Registrant must again be classified in case of change of employer or the type of employment.

Classification may be renewed for a further six months period if the facts warrant such action. Renewal of classification should be requested in the week prior to the expiration date.

The expiration date of the 2-B classification for your employee, Leroy Bentley Skousen, Order No. 2157, is March 8th, 1942.

MEMORANDUM FOR MR. TOLSON

RE: LEROY B. SKOUSEN
Selective Service Status

Entered on duty - August 4, 1941
Present grade and salary - Caf-2, \$1440
Present assignment - Files Division
Marital status - Single

The above employee received his Selective Service questionnaire prior to his entrance on duty from Local Board Number 15, San Bernardino, California. He was placed in a deferred status by this board in view of his acceptance of a position with the Bureau. Under date of August 8, 1941, D.S.S. Form 42 was furnished to the local board and as a result thereof, he was placed in Class II-B. The Bureau has just received a communication from the local board concerned advising that the deferment expires on March 8, 1942, and that additional request for deferment should be made one week prior to the expiration date.

Mr. Skousen is presently employed in the Files Division as a Grade 2 employee in the Filing Unit. Mr. Patterson advises that he is one of the best prospects that he has had in a considerable time. He further states that while he is only in Grade 2, he is actually performing special locate work which, of course, is Grade 3 work. He further stated that it would be at least three months before Mr. Skousen would be eligible for promotion into Grade 3.

The Bureau will have to respond to the draft board inquiry, and I fail to see how additional deferment can be requested on the basis of his present duties, and accordingly, it is recommended that the response be made to the effect that no additional deferment can be requested for him.

Respectfully,

R. H. Laughlin

~~CONFIDENTIAL~~

Dear Mr. Caldwell:

Reference is made to your communication of March 11, 1942, advising me that Mr. Leroy B. Skousen, who is duly registered at your Board as Order Number 2157, is presently classified in Class III-A. You will recall that previously deferment was requested for him and that under date of March 7, 1942, a telegram was directed to you with regard to his continuance in a deferred classification.

In connection with this matter I thought your Board would desire to have an appropriate copy of D.S.S. Form 42-A to be made a part of his Selective Service file, and therefore, I am transmitting herewith the above mentioned form which has been executed by me under date of March 13, 1942. You will note that since the original request for deferment was made, he has been promoted to the salary of \$1620 per annum and has been designated as a Confidential Index and Files Analyst.

Of course, I shall keep you promptly advised as to any change whatsoever in the occupational status of this registrant with this Bureau. I want you to know that I appreciate your courtesy in writing to me with regard to this matter, and if there is any additional information you may desire, please do not hesitate to call upon me.

THE OATH REQUIRED BY THIS FORM MAY BE ADMINISTERED BY:

1. Any civil or military officer authorized to administer oaths generally or in military administration.
2. Any member of a Local Board or Board of Appeal, or the clerk of such board.
3. Any government appeal agent.
4. Any member or associate member of an Advisory Board for Registrants.
5. Any Postmaster.
6. Any other person authorized by the Selective Service Regulations to administer oaths.

No fee shall be charged by any person for administering the oath required on this form.

EXCERPTS FROM SELECTIVE SERVICE REGULATIONS

351. "Necessary man" defined.—A registrant shall be considered a "necessary man" in industry, business, employment, agricultural pursuit, governmental service, or in any other service or endeavor, including training or preparation therefor, only when all of these conditions exist:

- (a) He is, or but for a seasonal or temporary interruption would be, engaged in such activity.
- (b) He cannot be replaced satisfactorily because of a shortage of persons with his qualifications or skill in such activity.
- (c) His removal would cause a material loss of effectiveness in such activity.

352. Composition of Class II.—(a) In Class II-A shall be placed any registrant found to be a "necessary man" in any industry, business, employment, agricultural pursuit, governmental service, or any other service or endeavor, or in training or preparation therefor, the maintenance of which is necessary to the national health, safety, or interest in the sense that it is useful or productive and contributes to the employment or well-being of the community or the Nation.

(b) In Class II-B shall be placed any registrant found to be a "necessary man" in any industry, business, employment, agricultural pursuit, governmental service, or any other service or endeavor, or in training or preparation therefor, the maintenance of which is essential to the national health, safety, or interest in the sense that a serious interruption or delay in such activity is likely to impede the National Defense program.

353. Length of deferments for Class II-A.—(a) Class II-A deferments shall be for a period not longer than 6 months, at the expiration of which time the deferment shall cease. Upon the expiration of any such period, the case of the registrant shall be reopened and his classification considered anew in the manner provided in Section XXX, and, if the facts warrant, the registrant may again be classified in Class II-A for a further period not to exceed 6 months.

(b) Class II-B deferments shall not be limited as to the period during which they shall be effective. The case of a registrant classified in Class II-B may be reopened and his classification considered anew in the same manner and for the same reasons as any other classification. (See Section XXX.)

B. 2.

The Federal Bureau of Investigation has been designated as the sole civilian Government investigative agency, having jurisdiction over the investigation of matters pertaining to the national defense, that is, espionage, sabotage, registration of agents of foreign principals and the like. Further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, the National Motor Vehicle Theft Act, and numerous others. The Federal Bureau of Investigation has also been designated by Congress as the agency officially responsible for the tabulation and dissemination of police statistics for the entire country. Under an Act of Congress these statistics are gathered and are distributed to thousands of interested police and affiliated agencies each quarter so that trends of crime, crime records, and crime control can be known to those to whom it is of most interest. Further than this, the Federal Bureau of Investigation has been designated as the agency having jurisdiction over the classification and maintenance of fingerprint records, not only on a national basis, but on an international basis. We have some thirty-one million sets of fingerprints on hand today. We are receiving the fingerprint records of all persons enlisted or being inducted into the Army and enlisted in other military services. Thousands of persons in public utility positions are fingerprinted and the prints are retained in our files. Those working in national defense industries on many occasions are fingerprinted, their prints being included in our files. Our Government employees' prints are included. We are receiving thousands of criminal fingerprints from all police agencies in the country daily and it is essential that we immediately be able to notify the arresting agency of the criminal record of the individual because he may be wanted for more serious crimes in other sections of the country and if he is to be released on a mere vagrancy or other charge, he may be set free to continue his depredations on society. This Bureau, together with many other foreign countries, participates in the international exchange of fingerprints. Hundreds of international crooks are brought to task yearly through the media of this service we have rendered.

Our Criminology Laboratory handles the scientific examination of evidence in cases investigated by the Federal and local law enforcement agencies. A great deal of their work is done in the examination of suspected sabotage cases at the present time. The scientists in that Laboratory have lectured throughout the country on bombs and explosives so that local police agencies may be adequately prepared to handle any such matters which might arise under their jurisdiction.

There are contained in our Files Section the files of hundreds of thousands of individuals whose activities are of the greatest importance to the country today. The work of the Files Section and the records of that section which have to do not only with the investigation of kidnaping, extortion, bank robbery, and like cases but also the investigation of our espionage, sabotage, foreign agent cases, and others, are of course accessible to employees working in that unit. It is most essential that only the most trusted employees be so assigned.

B. 5.

The work of the Federal Bureau of Investigation is of the utmost importance in the national defense. It is essential that thoroughly qualified personnel of the highest integrity and background be secured for every position in the Bureau. Our work is the guarding of the internal security of the country, not only in national defense matters, but in the control of those criminals who previously had terrorized the country in waves of bank robbery, kidnaping, extortion, white slavery, automobile theft, and numerous other crimes. There is no doubt whatsoever in the minds of law enforcement officials that should any group be permitted to have the assurance that their activities were being minimized during the present national emergency, we would have a tremendous country-wide wave of crime in that particular category in a very short period of time. It is, therefore, essential that from a national defense standpoint and from a public security standpoint the Bureau maintain its qualified staff at an absolute maximum in order to continue to have control of the criminal element under its jurisdiction.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 13th day of March, 19 42

B. 7. a. b. c.

The Federal Bureau of Investigation is primarily a service agency. We serve our Government and the public. We cannot determine the amount of work which is going to be referred to us. If there is a crime wave of local or national significance at any time the work of the Bureau is increased in comparison. Our identification, laboratory, and crime statistics facilities reflect very definitely the trends in the country. We must have available personnel to properly handle the thousands of fingerprint records being received by us daily. We are at the present time receiving approximately thirty-four thousand sets of prints daily. We must have a scientific staff in the laboratory to examine scientific evidence. We must have an investigative force of sufficient size to handle the work being referred to us. We must have a technical and supervisory staff of sufficient size to render the service to our investigative, identification, laboratory, and statistical staffs so that we may have the benefit of the wealth of information in our various files. The work of the Federal Bureau of Investigation has increased so tremendously that every employee in the Bureau, regardless of his position, is performing a tremendous amount of overtime service. Our Special Agent investigators are performing no less than four hours a day overtime service. In the present emergency we have found it necessary to curtail leave because of inadequate personnel and many of our men have worked over long periods of time without having any time off for vacation.

D. 1.

The additional duties imposed upon the Bureau since the declaration of the national emergency have made it necessary that our staff be more than doubled. From the information furnished under sub-heading B, it will be seen that it is essential to carefully investigate every employee in the Bureau. All of our employees in the performance of their work at one time or another has opportunity to observe and note the content of confidential investigative reports, the publication of which would be most detrimental to the national safety. We have had considerable difficulty in securing sufficient employees. We find that out of applicants who file application, we are successful in appointing about one out of every one hundred. It, therefore, means that if we lose an employee after he is fully investigated and is being given training or has been experienced, we must again consider on an average, one hundred persons before he can be replaced. In the accelerated program of the Government it is essential that the Federal Bureau of Investigation work at top speed to keep abreast of its duties and investigation of matters pertaining to national defense, its regular activities, and its most important and essential identification activities at this time.

D. 5.

At the present time the Federal Bureau of Investigation is employing additional qualified persons as rapidly as they can be found. The assembled Congress has in the past several months passed several bills which will increase even to a greater extent our present volume of work. The needs of the service as to employees fluctuate with the periods of stress in the country.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Dear Mr. Hoover:

We received your Air-Mail, Special Delivery and registered letter today regarding the above registrant. Please be advised that we have turned your letter and Form 42 over to Selective Service Board 151 of San Bernardino, California.

We have had this registrant Leroy B. Skousen, a registrant of Board 151, confused with his brother Willard Cleon Skousen, Order Number 1596, who is a registrant of this Board, 152, and classified 3-A at the present time.

We regret very much this error but wish to assure you that no harm has been done.

Very truly yours

Dear Mr. Schwartz:

Reference is made to your communication of April 2, 1942, with regard to the Selective Service case of Mr. Leroy D. Skousen, who is duly registered at your Board as Order Number 2157, and who is employed in this Bureau as a Confidential Index and Files Analyst. I note you now advise me that this registrant has been placed in Class II-B until September 30, 1942, by reason of his employment here.

I want you to know that I appreciate your courtesy in writing to me with regard to the action of your Board in this case, and of course, I shall keep you promptly advised as to any change whatsoever in his occupational status with this Bureau.

Gentlemen:

Reference is made to the Selective Service status of Mr. Leroy D. Skousen who is duly registered at your Board as Order Number 2157. You will recall that as a result of my previous request for occupational deferment, he has been placed in Class II-B until September 30, 1942.

Mr. Skousen is still employed by the Federal Bureau of Investigation, and it has been impossible during the deferment period to effect any replacement for him. As you have been previously advised, he has been employed in this Bureau since August 4, 1941, and is performing duties as a Confidential Index and Files Analyst. I desire to call your attention to Local Board Release Number 75, issued by General Hershoy of National Selective Service Headquarters under date of December 27, 1941, advising your Board that the above listed position is one of the critical positions in this Bureau and requesting your cooperation in granting deferment whenever possible to do so. His removal for induction at this time would cause an impairment of the work we are now performing in order to guarantee the internal security of this country. I desire, therefore, to request that Mr. Skousen be granted additional deferment in Class II-B.

RE: EMERGENCY LEAVE

ESP

I was five minutes late this morning. The reason for my tardiness is due to the lack of appropriate bus service on our route. I usually ride the Buckingham bus that is marked '11 and E via Penn. Ave.' This bus gets here about fifteen minutes before I am due to report for work. This morning none of the Penn. Avenue busses came. After waiting until after these particular busses were due it was too late to take another bus and arrive at work on time.

RE: INSTRUCTION
NUMBERING UNIT
FILES DIVISION

1 OCT 14 1942

As you know, the Files Division has been vigorously attacking the problem of inexperience among its employees during the past several months, working out and putting into effect comprehensive training programs. This has been necessitated by the fact that we have lost most of our experienced employees through resignations and today, employees who have been in the Bureau a few short weeks must, of necessity, perform the duties previously performed by employees who had been in the Bureau several months. This training program in the Files Division is organized in all of the units and has been in effect for the past several weeks. As you know, it consists of 3 phases:

1. Concentrated and detailed instruction is given to new employees in each Unit for periods ranging from a few days for simple duties to as long as 3 months for some of the more detailed duties. During and at the end of this instruction, written examinations are given.
2. Fifteen-Minute Instruction Periods are conducted by experienced and specially trained employees and examinations are given once each week.
3. Approximately 3 weeks after each employee enters on duty in the Bureau, he is given a two-day detailed lecture and tour of instruction involving the work of Field Divisions, the Divisions at the Seat of Government and all of the units of the Files Division. At the completion of this, written examinations are given.

These 3 are primarily responsible for the fine work done in handling the instruction in the Numbering Unit. You might be interested to know that the first examinations given to the employees in the Numbering Unit resulted in grades ranging from 40 to 50%. The grades are now rarely under 90%.

This is being submitted to you for your information and with the thought in mind that possibly Mr. Tolson and the Director would be interested in the fine piece of work done here in this Unit in attempting to handle our present emergency problem of training our inexperienced employees so that they can produce as soon as possible.

Reference is made to the Selective Service case of Mr. Leroy B. Skousen, who is registered at your Board as Order Number 2157. You will recall that this registrant was placed in Class II-B until March 23, 1943.

I want to express to you my appreciation for your co-operation in this case. Arrangements have been made to replace this registrant with a person who is not subject to the provisions of the Selective Service Act. I want to advise you, therefore, that I shall not make any further request for occupational deferment on behalf of this registrant. I shall always as I have in the past, only request occupational deferment in those cases in which the loss of an employee at that time would substantially impair activities essential to the war effort and the maintenance of the national safety and interest, and where the person holds a position involving serious difficulty of replacement because a scarcity of available qualified personnel exists and because the holder of such a position has had an extended period of training or specialized experience.

Mr. Leroy Bentley Skousen
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Skousen:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on March 27, 1943.

This report reflects the following physical defects:

None

The Board of Examining Physicians makes the following recommendations:

Vaccination for smallpox.
Inoculation for tetanus.
Inoculation for typhoid.

It reports that you are capable of performing strenuous physical exertion, and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

For your information, it was determined during this examination that your Blood is International Type "A".

Sincerely yours,

E. Hoover

Interviewed and examined at Washington, D. C., on March 20, 1943.

Recommendation: Favorable.

Interviewing Official J. M. O'Connor advised that this individual has a good personal appearance and approach; is neat in dress; has ordinary features; is well-poised; has an excellent personality; has average speech; is self-confident; is tactful; answers general questions definitely; appears to be resourceful; and is likely to develop; however, he has studied no Federal Procedure, has had no investigative experience, and does not appear to have executive ability. Mr. O'Connor stated that this individual speaks clearly and distinctly, and it is felt that his loyalty to the Bureau is unquestioned; however, he is of slight build and needs to be more hardened and a little more aggressive in order to be able to handle all types of work, but it is felt that he can overcome these deficiencies and can be an above-average Agent.

Mr. Nichols recommended that this applicant be appointed to the position of Special Agent.

In a memorandum for Mr. Patterson dated June 6, 1942, Mr. Robert J. Wirth praised Mr. Skousen for the excellent manner in which he conducted the telephone instruction class, stating that his explanations were clear and his criticisms tactfully put.

Bureau Experience: Applicant entered on duty as an Under Clerk in the Files Division on August 4, 1941. He is presently an Assistant Clerk in the Files Division in Grade CAF-3, \$1620 per annum. His last efficiency rating was Excellent.

Selective Service Status

Dear Sir:

The above named employee is registered with Local Board Number 151, 490 Court Street, San Bernardino, California, as Order Number 2157. He has been previously classified in II-B until March 23, 1943.

You are in receipt of the copy of a letter to his local board, dated March 17, 1943, advising them that the Bureau would not request further occupational deferment for this registrant in his present position.

Mr. Skousen has made application for the position of Special Agent, and is eligible for appointment to this position upon completion of his school work in July of this year. If his school work is successfully completed he would, in the ordinary course of events, be placed in the Special Agents' Training Class at that time. You are requested to have a mature Agent contact his local board while they are in session and present the fact that he is eligible for appointment as Special Agent to the board and determine whether or not his induction is imminent. If his induction is not imminent then you should determine whether or not the board would favorably consider granting Mr. Skousen occupational deferment in the event he is appointed Special Agent in July, 1943.

Dear Mr. Skouson:

You are hereby offered an appointment as a Special Agent in the Federal Bureau of Investigation, United States Department of Justice, in Grade CAF-9, with salary at the rate of \$3200 per annum less five per cent deduction for retirement purposes and plus overtime compensation recently approved by Congress. You will also be allowed your expenses of travel and operation in accordance with existing regulations, and \$6.00 a day in lieu of subsistence when absent from official headquarters, which will be fixed at Washington, D. C., effective upon your entry on duty and thereafter changed in accordance with your field assignments. You should proceed to Washington, D. C., at your own expense in order to assume your official duties.

This appointment is of a probationary character solely, and it is to be understood that it will be necessary for you to demonstrate fully your fitness for continued employment in the Federal Bureau of Investigation. It is also understood that you are to proceed on orders to any part of the country that the exigencies of the service may require. You should therefore arrange your personal matters before taking oath of office that you will be able to accept assignment to any part of the country where your services may be needed.

For your information, the Federal Bureau of Investigation reserves the right to refuse acceptance of any resignation of a Special Agent unless at least thirty days notice of intention to resign is given.

at least thirty days notice of intention of assignment is given.

Mr. Tolson _____ You should notify this office at once if this appointment is accepted. If it is not accepted immediately it will be cancelled. Should you accept, you are directed to report for oath of office and assignment to Room 45256 United States Department of Justice Building at 9:00 A. M. on July 12, 1943.

SELECTIVE SERVICE STATUS

Dear Sir:

In accordance with the Bureau's instructions, this office has contacted Mr. WILLIAM J. WALMSLEY, Chairman of Local Board No. 151 (not 451), at San Bernardino, California, concerning the Selective Service status of the above individual.

Chairman WALMSLEY stated that while he realized the Bureau's position with reference to manpower, that the Board is desperate for men and that Mr. SKOUSEN had already been ordered for a physical examination and is a potential 1-A at the present; however, he stated that in view of his potential value to the Bureau, he would suggest that Mr. SKOUSEN obtain a letter of recommendation from the registrar of the Washington College of Law pointing out that Mr. SKOUSEN is an above-average student and will complete his law course in July, 1943. This letter, with the transcript of Mr. SKOUSEN'S grades, if available, should be forwarded to the Board by Mr. SKOUSEN personally, with the request for temporary deferment in order to complete his law course.

Mr. WALMSLEY further stated that in the event Mr. SKOUSEN is above average as a student, this temporary deferment will be granted, and in July, 1943, unless there are some unexpected changes in the Selective Service regulation, a request for deferment by the Bureau will be honored. He emphasized the necessity for Mr. SKOUSEN'S handling this matter immediately, as it will be necessary to classify him in the immediate future.

As you know, Mr. Skousen has been in charge of the Training Program in the Files Division for the past year and one half and is going into the Agent's Class in a couple of weeks. He has just returned from 2 weeks leave during which time he passed the Virginia Bar Examination. Mr. Skousen wants to see you before he goes into the Agent's Class merely to talk to you for a few moments.

I have told you many times, of course, about his excellent work, but I would just like to emphasize again what his services have meant to this Bureau during the past couple of years. The one most important thing that has been accomplished in the Files Division in the past 2 years has been the proper training of our employees, and I feel safe in saying that Mr. Skousen is at least 75% responsible for the accomplishment. His enthusiasm is unbounded; for instance, during the past 2 weeks while he was studying for the Bar Examination, he was in daily contact with the Training Unit and came back one night to the Bureau to approve some manuals. I would say that his contribution during the past 2 years has been the one single most important one of any person's in the Files Division. I would like to have you know this when he drops in to see you.

Respectfully,

Dear Sir:

Having filed an application for a position as Special Agent in the Federal Bureau of Investigation, United States Department of Justice, I hereby agree that in the event of an appointment I will be governed by the following conditions:

1. Upon appointment ~~and within ten days after receipt thereof~~, I shall be required to proceed at my own expense to Washington, D. C., where I will take the oath of office and enter on duty on the date specified.
2. That said appointment will be on a probationary basis.
3. That my retention in the Bureau shall be dependent upon the performance of satisfactory services, and if my services are deemed unsatisfactory it is understood that my employment may be discontinued at any time and that I will not receive transportation to my home, or to any other point, at Government expense.
4. That if appointed I may be sent to any part of the continental or territorial United States that the exigencies of the Bureau's work may require; that my headquarters may be fixed in some jurisdiction other than that in which I have heretofore resided; that my headquarters may be changed as the work of the Bureau may require; and that no transfer will be made from one station to another for personal reasons.
5. That the confidential character of the relations of the employees of the Federal Bureau of Investigation with the public is fully understood by me, and that the strictly confidential character of any and all information secured by me, in connection directly or indirectly with my work as a Special Agent, or the work of other employees of which I may become cognizant, is fully understood by me, and that neither during my tenure of service with the Federal Bureau of Investigation nor at any other time will I violate this confidence, and I agree that I will not divulge any information of any kind or character whatsoever that may become known to me, to persons not officially entitled thereto.

I further agree that nothing connected with this certification is to be construed by me as an assurance that an appointment will be tendered me; that I fully understand all of the foregoing and that the conditions specified herein are agreeable to me; that if appointed I will abide by the foregoing conditions, and I am fully cognizant that the provisions mentioned above are to be complied with and ~~thereof~~ to be regarded as a part of my appointment if it is subsequently tendered to me and accepted.

Gentlemen:

The Review Committee of the War Manpower Commission, established under the provisions of Executive Order 9809, has determined the position of Special Agent held by Mr. Skousen to be a key position within the meaning of said Executive Order.

The Agency Committee of this Bureau, which has been established in accordance with the provisions of Executive Order 9809, recommends that the attached D.S.S. Form 42-A (Revised) which has been executed by me under date of July 24, 1943, and counter-signed by the Chairman of the Agency Committee, be forwarded to you requesting occupational deferment on behalf of Mr. Skousen.

I would appreciate having this affidavit made a part of the file of the above named registrant, and request your consideration of the same when you determine his classification. Should you want any additional information, do not hesitate to call upon me. I shall keep you promptly advised of any change in the occupational status of this registrant.

SPECIAL AGENTS

Federal Bureau of Investigation, United States Department of Justice

This position has been designated Washington, D.C. Position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectrography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

See attachment

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health.

AUTHORIZED GOVERNMENT REQUEST
The duties of a Special Agent of the Federal Bureau of Investigation are such that he cannot lead a sedentary or well regulated life. The work of a Special Agent, regardless of his particular assignment, is such that he must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment; technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort:

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today. Up to the present time the full complement of Special Agent personnel has not been secured and every effort is being made to secure the necessary additional Special Agent personnel.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 24th day of July 1945

"(2) Any person violating the provisions of this section shall be immediately removed from the position or office held by him, and thereafter no part of the funds appropriated by any Act of Congress for such position or office shall be used to pay the compensation of such person;"

It is provided in various appropriation acts that no part of the funds so appropriated shall be used to pay the salary or wages of any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence, and that an affidavit shall be considered *prima facie* evidence that the person making the affidavit does not advocate, and is not a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. Such acts provide further that any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence and accepts employment, the salary or wages for which are paid from any such appropriation, shall be guilty of a felony and, upon conviction, shall be fined not more than \$1,000 or imprisoned for not more than 1 year, or both, and that the above penalty shall be in addition to, and not in substitution for, any other provisions of existing law.

I, Leroy Bentley Skousen, do solemnly swear (or affirm) that I have read and understand the foregoing; that I do not advocate the overthrow of the Government of the United States by force or violence; that I am not a member of any political party or organization that advocates the overthrow of the Government of the United States by force or violence; and that during such time as I am an employee of the Federal Government, I will not advocate nor become a member of any political party or organization that advocates the overthrow of the Government of the United States by force or violence.

SIXTY DAY EFFICIENCY REPORT

Pittsburgh, Pennsylvania
January 6, 1944

Re: LEROY BENTLEY SKOUSEN
SPECIAL AGENT

EOD 7-19-43

cert. out.
28

Special Agent SKOUSEN reported to the Pittsburgh Office from Bureau Training School on November 8, 1943, and is presently in Grade CAF-9 at a salary of \$3200 per annum. He has worked in Pittsburgh and vicinity on Selective Service, Departmental and Bureau Applicants, Security Matter (G), Theft from Interstate Shipment, Miscellaneous, National Motor Vehicle Theft Act, Selective Service CO, and Impersonation. He types, using the touch system, at forty-five words per minute; has completed the required number of Training Sessions for newly appointed Special Agents; has participated for a period of eight days on a technical surveillance; has passed the Pennsylvania State Automobile Drivers' License Test; is a careful car driver; is the possessor of a 2-s Private Pilot's License; has put in a sufficient amount of voluntary overtime; and has always been available.

The dictation of this Agent is rated as above average for a new Agent, and he should continue to improve with additional experience. He has participated in one firearms training since reporting to this office, at which time his range demeanor was good and he is qualified in all Bureau firearms. He has not been used on dangerous assignments, but I would not hesitate to so use him if accompanied by more experienced Agents. This Agent makes a good personal appearance, dresses neatly, is possessed of a pleasing personality, and has shown a good attitude. He has shown average industry, investigative ability, aggressiveness, self-confidence, and force. His volume of work has been average and he has made the usual errors of first office Agents in report writing and Bureau procedure. To the present time he has shown no administrative, executive, or supervisory ability. He is rated as Fair.

SKOUSEN was born in Alberta, Canada. He moved to the United States with his parents when he was four years of age. He is a citizen of the United States and has lived in California most of his life. In addition to his schooling at San Bernardino Junior College for two years he attended the Washington College of Law where he completed approximately one-half of the law course. In June of 1943 he successfully passed the Virginia Bar examination and is a member of the Virginia Bar. From 1936 to 1938 he was a missionary for the Latter Day Saints (Mormon) in the British Isles. During the summers of 1939, 1940 and 1941, he drove a tractor for the Skousen Brothers Construction Company in New Mexico. He entered the Bureau's service in 1941 as a messenger and was employed in the files section. He was later placed in charge of the training and retraining of all employees in the files section of Division Four.

SKOUSEN dresses conservatively and presents a good appearance. At times he appears to be overly self-satisfied and his demeanor seems to be governed by his desire to make an impression. It is believed, however, this is not a true characteristic of him. He asked many questions in class. He is interested in the Bureau and desires to make good as an Agent. He needs some roughening experience but should develop satisfactorily.

The Special Agent in Charge of firearms has certified that this Agent is qualified in the use of all Bureau firearms.

SKOUSEN satisfactorily passed an automobile driving test afforded him by the class counselor.

Very truly yours,

H. H. Clegg

Dear Sir:

This is to advise you that Special Agent
D. D. Stinson, who entered on duty July 19, 1943,
in Grade Caf-9, at a salary of \$3,200 per annum, has been
directed to report to you for assignment. The training
school terminates on November 6, 1943, on which date
he will proceed to your division. You should advise the
date of his arrival.

You are instructed to continue the training of
the Agent so that he may receive experience in all branches
of the work of the Bureau. In submitting special efficiency
reports, in accordance with the provisions of the Manual of
Rules and Regulations, you should include statements as to
the kinds of cases on which the employee has been engaged,
his ability or lack thereof in any certain phase of the work,
and particularly his ability to perform more involved in-
vestigations, such as bankruptcy. It is further desired
that you give your personal attention to the development of
this employee along administrative and executive lines and
that any pertinent information indicating possibilities for
assignment to such work be reported to the Washington head-
quarters of the Bureau from time to time.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund subsequent to January 15, 1943, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of five dollars (\$5), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$5,000.

The following person is hereby designated as my beneficiary:

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund subsequent to August 31, 1943, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary:

RE: LEROY BENTLEY CHOUSEN
Order Number 2157

Gentlemen:

The Review Committee of the War Relocation Commission, established under the provisions of Executive Order 9307, has determined the position of Special Agent held by Mr. Chousen to be a key position within the meaning of said Executive Order.

The Agency Committee of this Bureau, which has been established in accordance with the provisions of Executive Order 9307, recommends that the attached Forms 42 and 42-S be forwarded to you requesting occupational deferment on behalf of Mr. Chousen.

I would appreciate having these affidavits made a part of the file of the above-named registrant, and request your consideration of the same when you determine his classification. The principal place of employment of this registrant is Pittsburgh, Pennsylvania.

Should you want any additional information, do not hesitate to call upon me. I shall keep you promptly advised of any change in the occupational status of this registrant.

Sincerely yours,

John Edgar Hoover

Mr. Skousen is a Special Agent and as such holds a key position as designated by the Review Committee of the War Manpower Commission within the meaning of Executive Order 9309. The performance of his duties is essential and critical to the execution of the work assigned by law and Executive Directive to the Federal Bureau of Investigation.

To the Federal Bureau of Investigation is assigned the responsibility of investigating all acts of espionage, sabotage and all actions tending to undermine the internal security of the nation. We must also investigate and enforce all those federal statutes assigned to the investigative jurisdiction of this Bureau such as: bank robbery, kidnaping, interference with the interstate transportation of goods, National Stolen Property Act, White Slave Traffic Act, etc., the enforcement of which is necessary to the preservation of the national health, safety and interest.

To carry on this work it is necessary to maintain a corps of trained investigators. Mr. Skousen is such a trained investigator. In the attached Form 42 S further information relative to Mr. Skousen is set forth.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent position of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

- (1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.
- (2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

When an appeal is taken from the classification or reclassification of a registrant and when such appeal is upon the ground that the registrant should have been deferred by reason of his occupation, the appeal shall be transferred to the board of appeal having jurisdiction over the area in which the registrant is employed, provided all of the following conditions are met (but not otherwise):

- (1) The first person to appeal from such classification or reclassification files with his appeal a written request for such transfer;
- (2) The written request states in what respect an occupational question is involved; and
- (3) The written request states the name of the registrant's employer and the street address, county, and State where the registrant is employed.

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

RE: SUGGESTION OF SPECIAL AGENT LEROY B. SKOUSEN—
NATIONAL FINGERPRINT SCHOOL

Dear Sir:

During the course of the recent inspection of the Pittsburgh Office Special Agent Leroy B. Skousen assigned to that office offered a suggestion concerning the establishment of a National Fingerprint School to be conducted on the same general basis as the National Police Academy. Agent Skousen stated it is his observation that most police agencies are interested in the subject of fingerprints but are lacking in detailed information and administrative training. He suggested that the Bureau, which has established leadership in police training through the National Police Academy, give consideration to offering a course for police officers to extend over a period of six weeks and be divided into the following general breakdown:

First Week—A study of the fundamentals of fingerprint work, including the history of fingerprinting, types of patterns involved, and interesting cases.

Second Week—Practice in classifying fingerprints and study of special classification breakdowns.

Third Week—The filing of fingerprints and a study of the Bureau's filing methods.

Fourth Week—The searching of prints and a study of special methods of searching.

Fifth Week—Study and practice in the taking, lifting, developing and photographing of latent prints.

Sixth Week—Four days to be devoted to the study of expert testimony, charts and the single fingerprint section, together with a practice session in moot court work; two days devoted to a study of the

coordination that should exist between the Bureau and police departments, as well as training in instruction and leadership in the development of local fingerprint systems.

Agent Skousen is of the opinion that a program as indicated above would be effective in improving the general fingerprint work of local police agencies and would further enhance the Bureau's leadership in law enforcement.

The above suggestion is submitted for appropriate consideration.

Re: LEROY BENTLEY SKOUSEN
SPECIAL AGENT

Special Agent SKOUSEN reported to the Pittsburgh Office from the Bureau Training School on November 8, 1943, and is presently in Grade CAF-9 at a salary of \$3200 per annum. He has worked in the headquarters city and vicinity as well as out of the New Castle and Johnstown Resident Agencies for a period of approximately two weeks.

This Agent presents a very good personal appearance, dresses very neatly and conservatively. During this period he has exhibited a considerable degree of force and aggressiveness, and has displayed initiative in handling his assignments, and a desire to improve his standing in the Service. His attitude has been very good and he accepts criticism well.

Agent SKOUSEN is considered to be a good dictator and is developing his ability in this regard; however, his preparation could be improved upon. He has demonstrated good organization of material, is a good enunciator, and has about average diction. He operates an automobile carefully, and has met the requirements of the Pennsylvania State Drivers' Test. He has demonstrated that he is capable of testifying at Commissioner's Hearings; has operated on one physical and one technical surveillance for periods of four and eight days respectively. He types, using the touch system, at forty-five words per minute, but has no ability in shorthand. He has attended the required number of training sessions for newly appointed Agents.

This Agent has been rated five out of sixty-seven Agents assigned to the Pittsburgh Office in firearms ability, his average score being 93.71% and his rating very good. The rating, while based on the few scores he returned in Training School and in one practice firearms session at this office, takes into consideration the fact that he appears to be far above average in firearms ability. He is both careful and alert, and it is estimated that he would function satisfactorily in a dangerous assignment.

The investigative reports prepared by Agent SKOUSEN have been somewhat better than average for an employee with his length of service. He accepts responsibility well, and his work has required somewhat less than average supervision. He appears to understand his objective in connection with his investigation. Agent SKOUSEN appears to have the ability to "sell" himself and from my observations his contacts with law enforcement officials and business contacts have been good.

During the pertinent period, this Agent has worked on the following types of cases: Security Matter - G, Internal Security - C, Denaturalization Proceedings - G, Sabotage, War Labor Disputes Act, Selective Service - CO, development of Confidential Plant Informants, Theft from Interstate Shipment.

DICTATING ABILITY OF AGENTS

Inspector Crowl: With the aid of the stenographic personnel of your office, an analysis has been made of the ability or inability of the Special Agents assigned to the Pittsburgh Office to properly dictate. There is being set forth below the adjective rating of each Special Agent who has been in the office for a period of time sufficient to justify analysis.

It should likewise be noted from the tabulation that the number of stenographers who participated in the rating is likewise indicated. The order in which the names are listed within the particular rating has no significance. With respect to the comments concerning each Agent, these are a summary of the comments which were furnished by the participating stenographers.

D. F. DILILLO	Excellent	11	All of the stenographers were of the opinion that MR. DILILLO is excellent in all respects; that his dictation is well prepared; it is never returned for correction, and the only handicap that he seems to have is a tendency to be rather slow.
PAUL NOELKE	Excellent	10	Participating stenographers indicate he is one of the best in the office. His enunciation and diction are reported as excellent as is his rate of speed.

[REDACTED]	Fair	3	Jerky dictator, hazy on procedure, asks innumerable questions of an elementary nature, is inconsiderate about spelling names.
T. T. WILKINSON	Fair	3	Appears to be negative in his approach and much too slow. Appears to be well prepared; however, apparently lacks confidence.
[REDACTED]	Fair	3	No constructive criticism.
[REDACTED]	Unsatisfactory	10	All employees agree that this dictator is most unsatisfactory. The comment has been made that it is a waste of time on the part of the Agent and the stenographer. Unprepared, dictates rapidly, and incoherently. Sentence structure poor, talks too fast and not distinct.

It would appear that the general ability of the Agents, from the comments furnished by the stenographic force, could be improved upon, and it is suggested that all of the above listed who indicate delinquencies in dictation be given very close supervision by you in order to see that their work will improve within the near future. It is suggested that those individuals who are presently preparing a lot of rough drafts and indicating a lack of skill in dictation be given an opportunity to utilize the stenographic force until such time as their ability improves.

S. L. Johnson:

The Inspector's suggestion will be followed very closely. Close supervision will be given to the dictation and rough drafts of Special Agent [REDACTED] in an effort to improve his dictation.

- SPECIAL AGENT

ENTERED ON DUTY: July 19, 1943

SALARY: CAF-9 \$3200

OFFICE PREFERENCE: Los Angeles

EXAMINATION - SET NUMBER: 2 93%

SAC H. K. JOHNSON:

This Agent is good in appearance and personality; is a fair investigator, and a fair report writer. He has a fair knowledge of Bureau procedure and equipment, can testify creditably before a U. S. Commissioner, and has developed normally as a new Agent. He has force and confidence and gives the impression of ability to make good contacts. He should develop very well with experience. He is rated in his grade as Good.

INSPECTOR CROWL:

Agent SKOUSEN presents a good personal appearance, has a good personality, is intelligent, and creates a favorable impression upon interview. He is loyal and definitely interested in the Bureau's work and will develop into an above average Agent. He is presently rated as Good.

This Agent dresses well, always presents a neat appearance and possesses an affable, hearty personality. He is intelligent, aggressive and forceful beyond the average, and appears sincere, conscientious and interested in his work, of which he performs an average volume. He has exhibited some initiative and resourcefulness in the limited type of cases he has been assigned and appears amenable to constructive criticism and suggestion.

Cal/f

SKOUSEN operates an automobile capably, types well for rough draft purposes, but he does not take shorthand. He handles firearms well and I consider him capable of handling assignments involving potential danger and of operating successfully upon physical surveillances although thus far he has had no opportunity to exhibit his ability along these lines. He has had no opportunity to testify in this division but his file reveals that he was considered a capable witness by the United States Commissioner at Pittsburgh.

np

From his self-assurance and agreeable approach, I judge him able to handle contacts with business men and law enforcement officers in creditable fashion. He appears willing to accept responsibility and his work requires no more than average supervision.

11

He is considered a very good dictator, having his facts well marshaled and dictating at a fast, even tempo. His reports and other paper work have been average for one of his experience.

He has largely been assigned to Communist matters in this office.

Thus far I have observed no supervisory ability on the part of the agent and he has been afforded no experience in supervisory work.

Agent SKOUSEN's performance has been good and I believe he will shortly develop into a very good agent.

ANNUAL EFFICIENCY REPORT

Pittsburgh, Pennsylvania
March 31, 1944

Re: LEROY BENTLEY SKOUSEN
SPECIAL AGENT

Special Agent SKOUSEN entered on duty at the Bureau on July 19, 1943, and reported to the Pittsburgh Office on November 8, 1943. He is presently in Grade CAF-9 at a salary of \$3200 per annum.

This Agent presents a very good personal appearance, dresses very neatly and conservatively. During his assignment to this office he has exhibited a considerable degree of force and aggressiveness, and has displayed initiative in handling his assignments, and a desire to improve his standing in the Service. His attitude has been very good and he accepts criticism well.

Agent SKOUSEN is considered to be a good dictator and is developing his ability in this regard; however, his preparation could be improved upon. He has demonstrated good organization of material, is a good enunciator, and has about average diction. He is a careful automobile driver; has shown that he is capable of representing the Government as a witness at Commissioner's Hearings; has operated on one physical and one technical surveillance for periods of four and eight days respectively. Although he has no ability in shorthand, his typing speed, using the touch system, is forty-five words per minute.

This Agent's firearms ability is very good, his average score for the pertinent period having been 93.71%. The rating, while based on the few scores he returned in Training School and in one practice firearms session at this office, takes into consideration the fact that he appears to be far above average in firearms ability. He is both careful and alert, and it is estimated that he would function satisfactorily in a dangerous assignment.

The investigative reports prepared by Agent SKOUSEN have been somewhat better than average for an employee with his length of service. He accepts responsibility well, and his work has required somewhat less than average supervision. He appears to understand his objective in connection with his investigation. Agent SKOUSEN appears to have the ability to "sell" himself, and from my observations his contacts with law enforcement officials and business contacts have been good.

This Agent has handled investigations in the following categories: Security Matter - G, Internal Security - C, Denaturalization Proceedings - G, Sabotage, War Labor Disputes Act, Selective Service (CO), Development of

Confidential Plant Informants, Theft from Interstate Shipment, Bureau and Departmental Applicants, EPP, National Motor Vehicle Theft Act, Impersonation, and Miscellaneous.

As yet Agent SKOUSEN has not had the opportunity to indicate whether he possesses supervisory, administrative, or executive ability. To date he has shown somewhat better than average development, and at this time he is rated in his grade as Good.

Dear Mr. Skousen:

Mr. A. H. Crowl has informed me of the suggestion which you made during the recent inspection of the Pittsburgh office to the effect that the Bureau should establish a national fingerprint school to give a course of training for six weeks in fingerprint identification. Very serious consideration has been given to your suggestion and I regret to inform you that it has not been possible to approve it. There are several objections to the establishment of specialized courses at Washington. With respect to fingerprints, there has not been an indication of a sufficient need for training on a national scale to justify the establishment of a specialized school. Further, there is considerable doubt as to whether as much as six weeks should be devoted to a specialized subject unless those attending have previously been given the opportunity of obtaining a broad, general course in law enforcement matters. There are many undesirable results when a law enforcement officer is given very detailed specialized instruction in a specific field without sufficient general training to give him the ability to appreciate the relationship of his specialty to the entire field. Perhaps at some later date it will be possible for the Bureau to make available specialized instruction for graduates of the FBI National Police Academy. For the present, however, the Bureau does not feel that such action is feasible.

Although it was not possible to approve your suggestion, I want you to know that your thoughtfulness in submitting it is appreciated.

Sincerely yours,

J. Edgar Hoover

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund subsequent to April 15, 1944, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe-keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-five and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

XEROX

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

FEB 23 1984

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agent that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

(1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.

((2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

Special Agent
Special Efficiency Rating

Submitted herewith is a special efficiency rating on the above-named agent in response to request contained in Bureau teletype of September 17, 1944.

*ad
BDB
run*

This agent dresses conservatively, presents a good appearance and has a pleasant, open personality. He is sincere, loyal and very conscientious and is thoroughly aggressive and forceful. He has exhibited initiative and resourcefulness and interest in his work of which he has increased the volume to above average. He accepts criticism and suggestion in the proper spirit and is always ready for after-hour assignments.

Agent SKOUSEN drives and rough drafts capably but has no knowledge of shorthand. His firearms scores are above average for his experience and I believe him capable of handling dangerous assignments. He has operated acceptably upon several physical surveillances and although he has had no opportunity to testify in this division he was considered a capable witness by the U. S. Commissioner at Pittsburgh. He handles contacts capably and in conjunction with another agent has developed a very good informant in Communist activities.

This agent willingly assumes responsibility and discharges his duties with average supervision. As a dictator, he is considered good but should be more careful in his preparation. His reports are well organized and logical and he has reduced the volume of error to below average.

Thus far I have observed no supervisory ability on the part of this agent and he has been afforded no experience in supervisory work.

Agent SKOUSEN's performance for one of his experience and in his present grade I consider to be very good.

I have read this rating

REMARKS: Interviewing official - Mr. J. S. Rogers

Skousen has been with the Bureau for three years and has been an Agent for just a little over a year. He makes a very good appearance, has an above average type of personality and is intelligent. This Agent is extremely enthusiastic and conscientious. There is no question whatsoever as to his loyalty to the Bureau. He is desirous of becoming an excellent Agent. He has made a good start according to the reports and as he gains more maturity and experience he will continue to improve.

He felt that the In-Service course was of great benefit to him and made one suggestion along this line which is being made the subject of a separate memorandum. He may have some latent supervisory ability.

Re: Leroy B. Skousen

Reference is made to Bureau teletype dated September 28, 1944 advising that Special Agents and LEROY B. SKOUSEN have not contributed to the Agents Insurance Fund.

This is to inform that I have talked with Agent who advised that he was forwarding his payment by letter immediately, requesting that he be reinstated.

Agent SKOUSEN advised he did not submit his contribution inasmuch as he has taken out commercial insurance through his father, who recently became an insurance agent. Agent SKOUSEN advised that in view of this fact he did not believe he needed the additional protection afforded by participation in the Agents Insurance Fund.

FILE NO. _____

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund subsequent to August 31, 1944, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary:

Name Mrs. Helen M. Skousen Address in Same as Agent

LEROY B. SKOUSEN
Special Agent
Special Efficiency Rating

There is respectfully submitted herewith a special efficiency rating on the above-named agent in response to the request contained in Bureau teletype of January 20, 1945.

Agent SKOUSEN presents a good personal appearance, has a friendly, pleasant personality, dresses properly and is neat and courteous. His approach is good and he reflects proper initiative and forcefulness. He is personally self-confident, is rated very good in dictation and his work is well organized. He dictates at a moderate rate of speed and the only criticism noted is that occasionally his rate of speed is uneven.

This agent is a qualified automobile driver and can operate a typewriter sufficiently well for rough draft purposes. He has testified in moot court in a manner definitely indicating that he should and would make a proper witness. His firearms ability is above average for one of his experience. He is regarded as available for assignments of a dangerous character under proper supervision.

This agent has participated on several physical surveillances and has handled this type of assignment in a satisfactory manner. He should have no difficulty making contacts, having in mind his proper approach. He is inclined generally to organize and initiate inquiries on his own responsibility with an average amount of supervision. His volume is regarded above average. His principal difficulty is with reporting. Though his reports are generally regarded good, they normally contain an above-average number of grammatical errors and errors as to form. They are regarded very good as to substance and reflect proper inquiry and complete, thorough investigations.

In connection with his present assignments dealing with Security Matters - C, this agent has developed a valuable informant and is handling this informant properly.

This agent is rated Very Good; he will be rated better when his report writing has been improved.

I have read this rating

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to February 10, 1945, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - ~~MONEY ORDER~~) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

Name Mrs. Helen Skonsen Address 14314 Woodworth Ave.
Relationship Wife Dated 2-12-45 Cleveland Ohio

The following person is hereby designated as my beneficiary under the Chas. S. Ross Fund providing \$1500-death benefit to beneficiary of agents killed in line of duty.

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

(1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.

(2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

LEROY B. SKOUSEN
Special Agent
Annual Efficiency Rating

Agent SKOUSEN presents a very good appearance, dresses neatly and is polite and courteous at all times. He conducts himself in a businesslike manner and gets along well with the other employees. He has exhibited initiative and resourcefulness in the handling of his assignments and possesses a considerable amount of force and aggressiveness. He is enthusiastic and is interested in advancing in the Bureau's service.

This agent is rated as a very good dictator. He has his work well organized and dictates at a very good, even rate of speed. He is a very good automobile driver and although he has not testified in court, his performance at moot court was such I feel he would make an effective witness. His firearms ability is above average for one of his experience and I consider Agent SKOUSEN available for dangerous assignments under proper supervision. He has operated on several physical surveillances in a very good manner.

2-16-45 enj-10 3500
This agent is a very good typist but has no shorthand ability. He has a good approach and I feel he makes a good impression on persons contacted. He organizes and initiates investigations on his own initiative and readily accepts responsibility. His volume of work is very good. His reports are generally good, however, they contain slightly more than an average number of errors. These errors are grammatical errors and errors as to form. This matter has been brought to Agent SKOUSEN's attention and he is improving in this regard. They are very good as to substance and reflect complete and thorough investigations. He is in very good physical condition.

Agent SKOUSEN has handled cases falling within the following classes: National Defense - 25, 65, 97, 98, 100, 105 and 108; General Investigative - 31, 43, 52, 46, 47, and 66 (Plant Informant and American Legion contacts). In connection with his work on Communist matters, he has developed a valuable informant and is presently handling this informant in a very good manner. This employee has not had an opportunity to exhibit any supervisory ability.

Agent SKOUSEN's performance entitles him to a rating of Very Good in Grade CAF 10.

I have read this rating

Miss Beahm	
Miss Gandy	

At approximately 5:45 p.m. October 9, SA Leroy Skousen, who is attending In-Service at Washington, received a telephone call from his wife in Cleveland advising that she and their eight weeks' old child were both ill with influenza.

Skousen stated that his wife had no help and that his presence at Cleveland was necessary in order to take care of her and the baby. He requested permission to depart immediately from Washington. I checked with Mr. Glavin who approved his departure.

Skousen began his In-Service training on October 1, and was in attendance through October 9. He, therefore, lacked three days completing the course.

Dear Mr. Skousen:

Your letter of October 17, 1945, setting forth your personal reasons for requesting a transfer to the Los Angeles Office, has been received.

Although it is not possible to effect a transfer for you to Los Angeles, California, I have issued the necessary instructions assigning you to San Diego, California.

I want you to know I appreciate your writing me about this matter and I hope this arrangement will be most beneficial to you and your family.

With kindest personal regards,

Sincerely,

~~PERSONAL AND CONFIDENTIAL~~

Director, FBI

Dear Sir:

My wife and I have a personal problem which I desire to bring to your attention in the hope that some consideration can be given towards a solution.

Last year my wife developed chronic bronchitis through continual colds. This condition, continuing for the past year and a half, has left our home in an undesirable state. We decided to mention nothing concerning this illness, hoping that this coming winter would find us able to cope with this damp cold weather in Cleveland. Our family doctor, Dr. CHARLES H. MILLER, has treated my wife for this condition since our marriage. He recently advised that she be taken to a milder climate as a means of preventing her illness from becoming serious.

Recently, while attending In-Service at the seat of government, I received an emergency call from my wife indicating that she and the baby had influenza. I was permitted to return home immediately for which I am grateful. Upon my arrival home, I found my wife too ill to care for the sick infant and both of them were running a temperature. My wife has now recovered from her influenza but her chronic bronchitis has returned. Dr. MILLER has definitely recommended we follow his previous advice, and wrote out a certificate verifying the same which I am attaching with this letter.

7 NOV 5 - 1945
If it is at all possible, I would like to take my wife to my parents' home in San Bernadino, California. It is a warm dry section situated on the edge of the Mojave Desert. If I could then be transferred to Los Angeles I could be with my wife on weekends since it is approximately 60 miles from my parents' home. This plan would enable my wife to have the best of care and be in a dry climate while I would be able to devote my full attention to my job.

Jnc

Director, FBI

October 17, 1945

I wish to add that the doctor further recommended that if I continue to be stationed in Cleveland, I take my wife and child to my parents' home in San Bernadino, California and leave them. I would then return to Cleveland by myself. As this would not be very satisfactory I wish to avoid it if at all possible.

Any consideration you can give this request will receive my deepest gratitude.

Sincerely yours,

LEROY B. SKOUSEN

Dear Mr. Skousen:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Quantico, Virginia, on October 5, 1945.

This report reflects that you have no physical defects.

It reports that you are capable of performing strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely yours,

Special Efficiency Rating

This special efficiency rating is submitted in view of Agent SKOUSEN's transfer to the San Diego Field Division.

Agent SKOUSEN presents a very good personal appearance and a very friendly type of personality. He is tactful and diplomatic and impresses as being very conscientious and industrious in his application.

Since my arrival in the Cleveland Office, this agent has worked on a technical surveillance. His work in this connection has been very satisfactory and has demonstrated that this agent is dependable. I am advised that Agent SKOUSEN is considered a good investigator and that his work in the past required a minimum amount of supervision.

Agent SKOUSEN appears to be in good physical condition. Based on my observations, Agent SKOUSEN is entitled to a rating of Very Good in Grade CAF 10.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to February 28, 1946, and who dies from any cause except self-destruction while employed as a Special Agent; I am forwarding herewith (by ~~CHECK~~ ^{CASH}) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

RE: LEROY B. SKOUSEN - SPECIAL AGENT
60 DAY EFFICIENCY RATING

Agent SKOUSEN makes a very good appearance. He has a pleasing personality and seems vitally interested in the Bureau and in his work. He has been assigned a variety of cases in the general investigative categories and has shown aptitude to conduct thorough and logical inquiries in these matters. In at least one Theft of Government Property case he has shown definite resourcefulness and initiative as well as force and enthusiasm.

Although not too robust appearing, Agent SKOUSEN seems to be in good physical condition.

He is considered a VERY GOOD CAF-10 Agent.

LEROY B. SKOUSEN

Special Agent

ENTERED ON DUTY: July 19, 1943

SALARY: \$3970

OFFICE PREFERENCE: LOS ANGELES

EXAMINATION: SET #8 - Grade 92%

SAC O'Connor:

Agent Skousen presents a very good personal appearance and a very friendly type of personality. He is tactful and diplomatic and impresses as being very conscientious and industrious in his application. Since my arrival in the Cleveland Office, this agent has worked on a technical surveillance. He is due to be removed December 20, 1945. No opportunity has been afforded to judge his investigative ability.

Status: VERY GOOD

INSPECTOR CONNELLEY:

This agent is a young man of average satisfactory personal appearance. He makes a good impression upon first contact. He is alert, sincere and conscientious. He is enthusiastic in his work. He appears to be of average intelligence, and average in his mental reactions. He worked first at Pittsburgh, where he handled a variety of general investigative work and some National Defense. At Cleveland, his second office, he handled Selective Service and Communist matters. As of June 25, 1945 he was assigned to a technical plant where he has continued to date, and is now ready for change to other work. This agent is believed to be better than average in his grade.

MEMORANDUM FOR THE DIRECTOR:

RE: INSPECTION OF CLEVELAND

Suggestion of Special Agent
LEROY B. SKOUSEN

#1. This agent carries a badge which apparently was not very heavily plated when made, and this does not permit a good polish, and it readily tarnishes thereafter. He suggested that this badge be replaced, as well as badges of similar character which he has noted in the possession of other agents. He advised the badge does not present the same possibilities for use, due to this rather cheap looking appearance.

#2. This agent advises that when in in-service on the last occasion, they instructed them in the major case operation; that he enjoyed this very much and obtained considerable in the way of training as a result of this. He suggests that in connection with the Technical and Quarterly Conferences in the field, consideration be given to a training problem concerning a major case and its operation, in lieu of the other subject matter which is usually presented at these two conferences. He advised he believes the results will be very desirable from a training standpoint.

Respectfully,

E. J. CONNELLEY,
Assistant Director

ADDENDUM

RE: LEROY B. SKOUSEN - SPECIAL AGENT
ANNUAL EFFICIENCY RATING

Agent SKOUSEN makes a very good appearance. He is of average size, always neatly groomed, and has a pleasing personality. He is enthusiastic, energetic, and aggressive. He is average as to initiative and resourcefulness.

His dictation is rated between very good and excellent. He operates an automobile carefully and takes good care of a car. I have not heard him testify but consider he would make an excellent witness. He rates in the upper one-third of the Agents both in the Practical Pistol Course and the .30 caliber rifle. He is emotionally stable and is well qualified to go on raids and special details. He operates effectively on physical surveillances. He types but does not take shorthand. His reports have been accurate, brief, and clear. His contacts have been average. He needs to develop more individual responsibility in the handling of confidential informants and sources of information. He analyzes facts carefully, initiates investigations promptly, and follows through administratively on his cases properly. He accepts responsibility willingly and uses good judgment in matters of discretion. He appears to be in good physical condition.

He has not been assigned any Espionage, Sabotage, or Internal Security cases. He has had considerable experience in general criminal matters, particularly Theft of Government Property cases in this district. During the past year he was assigned to a technical surveillance in the Cleveland Field Division. He has not been on any special squad, however, since his arrival at San Diego.

He is believed to possess supervisory ability. He has been afforded limited opportunity to do so.

He is considered a VERY GOOD CAF-10 Agent.

DICTATION ABILITY OF SPECIAL AGENTS

Inspector MURPHY:

The stenographers were asked to rate the individual Agents as to dictating ability, using the ratings excellent, very good, good, fair, or unsatisfactory. These were subsequently given numerical ratings of 1 to 5 respectively, and the average rating for each Agent was obtained. These ratings are set out below, together with the constructive comments of the stenographers. This information should be brought to the attention of the individual Agents. Attention should be given to the improvement of the dictating ability of the Agents with the lower ratings.

AGENT	AVERAGE RATING	COMMENT
[REDACTED]	1.4	Should give steno more time to write out proper names
CARTER, ARTHUR E.	2.1	Improve speed, organization of notes, and give more attention to small administrative details of report writing
CAHILL, DANIEL F.	1.	b6 b7C
[REDACTED]	1.9	Improve speed and sentence structure — sentences a bit too involved.
CONROY, LEO E.	1.	
HIGSON, NORMAN S.	1.5	Improve speed
HIGGINS, HAROLD P.	1.5	Give more attention to administrative details of report writing such as correct title, etc.
HUISKAMP, WILLIAM L.	1.5	Improve speed, organization of facts, and attention to administrative details

RECORDED

C
Reference is made to your letter of November 29, 1946, enclosing a speech manuscript prepared by Special Agent Leroy B. Skousen of your office. The manuscript has been reviewed and was found to be generally satisfactory. Special Agent Skousen may be utilized in accordance with existing Bureau regulations.

The following should be called to the attention of Special Agent Skousen. At the bottom of page 3, the inference that a public enemy number one is established by a statement from the FBI should be eliminated. Public enemies, of course, are established purely through the medium of the public press and are never ranked as such by the FBI. In the first full paragraph on page 8, in discussing the Rumrich case, it is pointed out that fourteen German diplomats suddenly had urgent business at home. This sentence and the sentence immediately following it should be eliminated as this particular case did not involve fourteen German diplomats. The first sentence of the last paragraph on page 8 should be changed to eliminate the description of Harry Sawyer as "a young man."

The last paragraph on page 9 should be eliminated. In its place it is permissible to state that a radio station was set up and operated by the FBI in this case. On page 10 it is pointed out that the station stayed in operation through the investigation of the Duquesne case and did not terminate until Duquesne and his gang were suddenly taken out of circulation. For the information of Agent Skousen, the station in question operated for a brief period of time after Duquesne and the individuals connected with that case were taken into custody.

GC: Movement - Special Agent Leroy B. Skousen is now an approved Bureau speaker.

NOTED
Note: This Agent is the brother of Special Agent Cleon Skousen. He formerly worked as a clerk and was appointed a Special Agent on 7-19-43. His last efficiency rating was "Very Good" and he is presently in CAF 10 (\$4651.20.) He is described as being neatly groomed having a pleasing personality, enthusiastic, energetic and aggressive. RE: LEROY B. SKOUSEN - SPECIAL AGENT
SPECIAL EFFICIENCY RATING

Agent SKOUSEN makes a very good appearance, is of average height and weight, is always neatly groomed, and has a pleasant personality. He is enthusiastic and energetic. He is average as to initiative and resourcefulness.

His dictation is rated between "Very Good" and "Excellent". He operates an automobile carefully and takes good care of a car. He makes an excellent witness. He has outstanding firearms ability and is qualified to go on raids and special details. He has done effective physical surveillance work. His reports have been above average. His contacts have been average. He is assigned to the handling of Japanese matters in this territory and has displayed definite interest and ability to develop sources of information and potential Confidential National Defense Informants. He has a very good attitude toward his work. He is a qualified Bureau speaker. He willingly accepts any emergency assignments and appears to be in good physical condition.

He has not been on any special squads in this territory.

He is believed to possess supervisory ability and has been afforded limited opportunity to do so.

He is considered a VERY GOOD CAF-10 Agent.

CIRCULAR NO. 3959

TO ALL EMPLOYEES:

Subject: Affidavit regarding membership in organizations which assert the right to strike against the Government.

Appropriation bills for the fiscal year 1947 provide that no part of the appropriation shall be used to pay the salary or wages of any person who engages in a strike against the Government of the United States or who is a member of an organization of Government employees that asserts the right to strike against the Government of the United States. It is provided that for the purpose of this legislation an affidavit shall be considered prima facie evidence that the person making the affidavit has not contrary to the provisions of this law engaged in a strike against the Government of the United States and is not a member of an organization of Government employees that asserts the right to strike against the Government of the United States.

All employees must execute the affidavit on the other side of this circular. When you have signed the affidavit it should be returned promptly to your immediate supervisor who will forward it through regular channels (for noting against payroll records) to the Administrative Assistant to the Attorney General.

Certifying Officers shall not release salary checks until this affidavit has been prepared and forwarded.

THANKSGIVING

As we gather together here on this eve of another Thanksgiving and look over the activities of the past year, there are many things that we find to be grateful for. Chief among these are our liberties. I come to you as a representative of a progressive organization which I feel to a large extent is responsible for the protecting of many of the liberties which we have in our country at this time. Let me tell you a little bit about this organization so you will understand more fully what I mean.

The Federal Bureau of Investigation actually came into existence back in 1908. However, at that time it was more or less a political football. Investigators were frequently appointed because of some political "pork barrel" promises which had previously been made to constituents. These individuals did not necessarily have any training and they were paid meager salaries. By the time the year 1924 had rolled around, the Bureau of Investigation was in a deplorable condition. Harlan F. Stone who at that time was the Attorney General of the United States, decided that something had to be done. Federal violations were becoming rampant and there was no agency that could properly cope with the situation.

His first problem then was to find a leader who would be both aggressive and responsible. He began his search. This search eventually ended with locating a young man of 29 years whose name was John Edgar

Hoover. The reason this young man was chosen was due to the fact that

67-NOT RECORDED-1
REMOVED FROM FIELD
PERSONNEL FILE

XEROX

69-1240-22

he had an obsession. He believed that there was no criminal intelligent enough to outwit a properly trained investigator who knew his law and would follow the clues scientifically to a proper conclusion.

Attorney General Stone decided to interview this young man. At the interview he placed the proposition before Mr. Hoover and was very much surprised when Mr. Hoover advised him that he did not want the job. Naturally, the Attorney General asked him why. Mr. Hoover explained that he would not take that kind of a job from anyone under the present circumstances. He stated that the only way he would take such a job would be upon the conditions that politics were entirely eliminated and that he would be allowed to properly choose trained personnel. The Attorney General looked at Mr. Hoover and told him that he could not have the job on any other conditions than Mr. Hoover had just stated. So Hoover took the job.

You can imagine what a problem confronted him. First he had to clean up his own organization, then he had to train a new fighting personnel and then with this personnel he had to minimize crime. Hoover went into the organization and began cleaning house. Those who were misfits went out. Those who had stolen money from the government were prosecuted, such as GASTON B. MEANS. Those who were faithful and had worked hard, stayed on. I might mention, incidentally, that some of those old-time employees who were faithful have become the backbone of this organization.

As soon as the house had been cleaned, Mr. Hoover began enlisting trained personnel who had legal and accounting backgrounds.

The opportunities he offered to young men began attracting individuals with good backgrounds, clean minds and scientific knowledge. Once these young men had been sworn in, they were given a thorough training program. This training program was something new in the field of law enforcement. It was thorough and yet it was brief. When the men emerged from this training program they came forth as an organized team ready to fight a major battle with crime. This is the way that a three phase battle was begun -- the battle for coordinated scientific law enforcement, aggressive investigation of all violators and a concentration of fingerprints for identification in one central filing place.

The Federal Bureau of Investigation has not always had the rights that it now has. In the early days, an FBI Agent could not carry a gun. If he saw a badly wanted fugitive, he had to hunt up a police officer and ask him to arrest the individual. In those days the organization was small, yet despite its smallness and because every individual had been properly trained, it moved with such rapidity that the major gangs which eventually involved our cities were amazed at the "heat" which could be applied against the underworld. We find in the early thirties that gangs had moved into our major cities. Some of these hoodlums actually controlled those cities. Mr. Hoover moved his men into battle positions one by one. Each of these men at their station was on a twentyfour-hour status. Each man forwarded all of his information into Washington, D. C. where it was properly coordinated. In these early thirties, public enemies began making headlines -- those "public enemies number one", a title which shifted from one individual to another with great rapidity. Let me give you a typical example.

On a cold wet night in December, 1933, a small group of men stopped at a fork in the road. The ground was covered with sleet and the wind was bitterly cold. Seven Special Agents, eight police officers and deputy sheriffs spread out in a semi-circle and began creeping toward the house of Public Enemy No. 1 -- "The Tri-State Terror" -- WILBUR UNDERHILL. Suddenly a dog began barking in the darkness, and the men, realizing that speed was necessary, began hurrying forward. UNDERHILL, suspicious and cautious, pulled up a blind in the house and peered out into the darkness. The only thing he could see was sleeting rain. The officers saw that lying on a table next to the window were two converted Luger pistols which had been changed to fire as machine-guns. As the net closed, the Special Agent in charge shouted, "This is the law, WILBUR, put up your hands and don't reach for those guns". UNDERHILL started back in surprise and bewilderment, and then snaked his guns into position. The night was pierced by the chatter of slugs. Fifteen guns spoke in return. UNDERHILL fell backwards with the impact and then rose again, firing as he came. Suddenly, assistance came to UNDERHILL from another portion of the house as a fugitive companion began shooting from a window. A woman began screaming in the house, and the battle was in full sway. Suddenly UNDERHILL made a break for the front door. As he opened the door, he emptied his guns into the night and staggered back against the wall from the impact of additional bullets. UNDERHILL was beaten at his game of killing. His guns were empty and all of his other equipment had been locked in his car. The only thing he could do was attempt to skulk away and die. He staggered

into the night and was found a short distance away with thirteen bullet wounds in his body, three of them fatal. Thus we see the title of "Public Enemy No. 1" moved rapidly from one top criminal to another.

The ROGER TOUHY GANG of Chicago with their kidnappings came and went. Recently you remember ROGER TOUHY came back into society via the jail-break system. He did not stay long — Mr. Hoover saw that he returned.

Incidentally, one of the cardinal rules that Mr. Hoover has abided by is that he asks no man to perform any task in any raid that he is not willing to perform himself. Mr. Hoover has led most of the dangerous raids and gives his men utmost loyalty. He, in return, demands the same loyalty of his men.

With this organized resistance given to crime, we find that bank robbery was the next field to be invaded. Let me give you a typical case history of bank robbery in the thirties, the case of JAKE FLEAGLE and his brother.

RALPH and JAKE FLEAGLE lived on a barren, rock-strewn farm in Iowa. They could not stand the rigorous living of this homestead country, so they left. They wandered west and became acquainted with the police. JAKE spent a year in the Oklahoma State Penitentiary. Finally the boys came home. Mrs. FLEAGLE told the neighbors her boys had struck it rich. The boys had. They moved out, robbed a bank, and moved back home — a perfect place to hide. They were dealing in "horses".

Finally they "cased" the First National Bank of Lamar, Colorado. The date was set for the bank to be robbed, but JAKE had it postponed

because of superstition. It was postponed time and again until one day in May the companions of JAKE FLEAGLE, against his wishes, decided that the bank robbery should be performed - \$218,000 was taken in this bank robbery. Everything was going fine. The citizens of Lamar, Colorado, were held at bay while the money was being scooped up. Suddenly the aged bank president reached for his old .45 which had not been fired in years. It barked and the bullet struck one of the robbers in the jaw. The bank robbers' guns spoke back. The president and his son died. The robbers fled with their loot. Pursuit followed, but the pursuers were stopped by rifle fire.

JAKE and RALPH trapped a physician in Kansas to fix the bank robber whose jaw had been shot. The physician discovered who they were and refused to assist them, so they murdered the doctor. But here JAKE made one mistake, and I think that there is always one mistake in every crime. Probably the first and greatest mistake is that a person never thinks of committing the crime; but in this instance we find that JAKE, in attempting to put up a window in the doctor's car, left a thumb print. The robbers fled to St. Paul with their wounded companion lying on the floor of the car in his blood.

The doctor was discovered dead in his car. This murder was connected with the Lamar bank robbery. The only clue as to who had murdered him was a fingerprint smudge on the window of the automobile. Every fingerprint searcher in the Identification Division of the Federal Bureau of Investigation memorized that print, but no connection to any living individual could be found. Then one day a WILLIAM HOLDEN was

arrested in California and his prints forwarded to Washington by the police. They were found to be those of JAKE FLEAGLE. The classifier of the prints thought that somehow these prints looked familiar and then suddenly he knew that this was one of the prints of the bank robbers of the Lamar Bank of Colorado. A net was thrown around the FLEAGLE homestead. RALPH FLEAGLE was apprehended in the Post Office. ROYSTON, his companion, was trapped while appearing to live as the exemplary husband of a school teacher. JAKE was hunted down and killed in Missouri while resisting arrest. His companions, who were apprehended by the law, were hanged in Colorado.

After such gangs as these mobs had reached a peak, they quickly slipped into oblivion and obliteration. "PRETTY BOY" FLOYD and ADAM RICHETTI came and went. The BARKER MOB rolled in and out in a flaming gun battle in Florida. The kidnapers had their day too, but suddenly in the criminal underworld the word had been newsed around that the old man with the whiskers just did not give up and when it was known that the "G heat" was on, criminals stayed away. Bank robberies became fewer, kidnappings less. It looked as though the problem was diminishing, but as one set of gangsters moved off the stage of crime, it was noted that their leading roles were assumed by another group of individuals -- the deadly Fifth Column of foreign ideologies.

When most of America felt secure, the FBI was called to the duty of ferreting out these skulking rodents. Slowly but surely information was collected against them so that it could be used in the day that it might be needed. As this background information was collected, more

deadly individuals were discovered -- the foreign espionage agents. The Department of Justice felt that an example had to be made of some of these espionage agents to make America realize what was happening within her borders.

In 1938 a plot was uncovered in which these foreign agents were attempting to obtain from high officials the entire defense of the eastern seaboard. Attempts were made to obtain codes, Army Air Corps maps, and blueprints of our latest carriers. The case broke with the arrest of the leader, GUNTHER HUMRICK. My, it was certainly surprising how fourteen German diplomats suddenly had urgent business at home. They were fortunate, for they had immunity. Those who had no immunity were not so lucky and were picked up as they boarded boats for home.

This case was presented under our peace-time espionage laws, but America had not yet awakened to her danger for these spies only received a total of fourteen years imprisonment. In their own country they would have been shot.

So the FBI learned that it must wait and work and watch. America had to be protected whether she knew of her danger or not. A network was thrown out to obtain information about enemy agents. The information poured in. The enemy agents were infiltrated from within. Imagine "Sixth Columning the Fifth Column"!

A young man named "HARRY SAWYER" went to Germany to visit his mother. He was a naturalized American citizen. He returned to America a German spy. While in Germany he had his passport taken and was not allowed to leave the country until he had agreed to work for the Nazis.

As a graduate of the famous Hamburg Espionage School, SAWYER came back to America, prepared to blow up bridges and sabotage America in general. He stepped from his boat and went to a hotel room with two friends. Then he sent a cable to Hamburg that he had arrived safely. He was then, and not until then, ready to go to work — for the FBI.

Over a period of time SAWYER eventually became the paymaster for the German spy ring in America. One of his most important missions was to set up a radio station and forward information to Germany.

SAWYER was called upon to work with many of Germany's top agents. The most famous of all of these agents was a man by the name of FRED DUQUESNE who was a personal friend of HITLER and had publicly told the American people how he had sabotaged America in the First World War. He, of all of the agents, was the most cautious. He bragged that in all of his espionage work the FBI was not cognizant of his activities. He cautioned SAWYER not to stir up the FBI.

After SAWYER had laid his plans to set up a radio station, he went to DUQUESNE to ask his advice where he could obtain radio operators. DUQUESNE told him to get them from the German-American Bund as he had previously obtained his agents. So SAWYER went to the German-American Bund. He came back with two strapping German boys who could operate a wireless. DUQUESNE talked to them for two solid hours in German. At the end of that time he walked to the door with the two men with his arms around them. As they paused at the door he said, "Goot boys, goot boys". You bet they were good boys — they were the best we had! Thus all during the war in Europe Germany received her information

through SAWYER's station. She received plenty but all of it had previously been censored by the intelligence forces of this nation.

This station stayed in operation throughout the investigation and did not terminate until DUQUESNE and his gang were suddenly taken out of circulation. In the court room on December 13, 1941, the jury returned to their seats and found the fourteen spies guilty. Nineteen others had previously pled guilty. They received a total of 320 years imprisonment and \$18,000 in fines. At the end of the trial one person in particular seemed most dejected.-- FRED DUQUESNE. He had bragged how no one could follow him, yet in the courtroom he had seen films displaying his every act and some of his most coveted secrets.,

The war has been fought. Spies, saboteurs and espionage agents came with their deadly intentions. They met a solid wall of resistance from the American public and as in the case of the eight saboteurs, they did not succeed. It is with pleasure that we now say no foreign-directed sabotage has occurred during the war.

But even while we fought foreign enemies infiltrating our land, we have found deadly serpents raising their heads once again here at home. So far these dangerous enemies of society have been properly handled. ROGER TOUHY and his mob have gone back to prison. IRVING CHAPMAN was killed in a raging gun battle in the South. Still there are other weather-warning signals which are being raised continually. Young mobs of hoodlums are beginning to rove in our cities. The divorce rate is continually increasing in our land. There are none of us who will deny that the home is the basic factor in our nation. In our cities in the first six months of 1946, an increase in crime was made of thirteen

percent, while in our rural areas, a rise of 19.6 percent was made over the previous year for the same period.

I do not give you these facts in a pessimistic attitude to dampen your spirit of thanksgiving, for we have much to be thankful for. But I give you this information as a word of caution that while today we want to be thankful for the liberties which we have, we must be willing to spend our time and our energy in the future to guard those things we have maintained so that in future thanksgivings we will be able to meet as we have here today with grateful hearts for such God-given liberties as we now possess.

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to July 15, 1947, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - ~~MONEY ORDER~~) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

Name Mrs. Helen Shousen Address 2652 Preece St.

RE: AGENT PERSONNEL
SAN DIEGO OFFICE

Dear Sir:

As of June 1, 1947, there were 573 pending cases in the San Diego Office, with a total of 23 Special Agents including myself:

Agents [redacted] and SEYMOUR S. OWENS, who were only recently assigned to this office after returning from SIS in Paris and Havana respectively, are resigning during the current month. Therefore, for the 26 retaining Agents there will be an approximate average case load of 22. Our present delinquency is but 19%.

It is recommended that the Bureau consider transferring the following employees:

LEROY B. SKOUSEN

Agent SKOUSEN'S wife has been in ill health. It may be that the Bureau might desire to transfer him to a nearby office such as Los Angeles where his wife would have the benefit of favorable climatic conditions.

[redacted]
[redacted] is single and is a Grade CAF-12 Agent. It is recommended that he be considered for assignment in one of the West Coast Offices. His offices of preference are San Diego, Portland, and Los Angeles.

Very truly yours,

Re:

SA APPLICANT

Dear Sir:

Reference is made to Bureau letter of November 15, 1947 to [redacted] San Diego, California, a copy of which was directed to the San Diego Office, instructing that inquiries be made to determine the full facts concerning information apparently given to the above-named applicant. The San Diego Office referred this matter to Los Angeles inasmuch as Special Agent LEROY B. SKOUSEN is presently assigned here.

This Agent's memorandum with reference to this situation is being attached to this communication. In it he admits that he informed the applicant the reason why he was not acceptable to the Bureau. Obviously, this lack of discretion and violation of Bureau instructions is inexcusable and it is recommended that Agent SKOUSEN be reprimanded and receive a reduction in salary of \$200.00 per annum.

Very truly yours,

Office Memorandum • UNITED STATES GOVERNMENT

TO : SAC

FROM : SPECIAL AGENT LEROY B. SKOUSEN

SUBJECT: [REDACTED]
SA - APPLICANT

DATE: November 25, 1947

This memorandum is being prepared as a result of information given to the above applicant.

The writer became acquainted with [REDACTED] in the latter part of 1945. The writer later became better acquainted with the applicant when he gave several Bureau speeches at some of the San Diego High Schools. During this time the writer found that the applicant was an individual of exceptionally high character. During his few years as a teacher in the Linda Vista High School he had become quite influential in the field of education for the San Diego area. Because of his outstanding qualities the writer recommended to him that he place his application with the Bureau for the position of Special Agent. He did so in April, 1947. Several weeks later he advised the writer that his friends had told him that the Agents had been around checking his background. He stated that he was particularly desirous of obtaining his appointment before he was required to sign next year's teaching contract. Because of this fact he asked me how he was making out. I told him that I hadn't heard anything bad about him, but that I was not handling his case and he would have to talk to SAC WILLIAM MURPHY. He did call SAC MURPHY several times and was advised each time that no information had been received from the Bureau.

After several months had passed, word was received from the Bureau that the applicant had written a post card to an individual receiving the DAILY WORKER, in which he had "wished him health and luck in his search for truth." For this reason, [REDACTED] was not being considered for the position of Special Agent. In the meantime [REDACTED] called the office on several occasions to ask if any word had been heard from the Bureau. He also asked the writer and the writer advised him that any information he received would have to come directly from the Bureau. No information was given him, either by the writer or the office, as to the fact that he was not going to receive his appointment. At this time [REDACTED] explained that he should have signed his teaching contract some time ago, but he didn't want to sign it if he was going to receive his appointment. He finally wrote to the Bureau and was advised that his application had been received and, although it could not be considered at the present time, it was being held for future reference. He showed me the letter and asked what he should do. I told him that it looked as if his appointment had been postponed and that he should go ahead with his other employment. [REDACTED] seemed greatly concerned over his teaching

contract at that time. He did not want to sign it and then have to break it. He felt that it would be against his principles to sign the contract and then break it to take a better job at more lucrative pay. Because of this he went to the principal where he taught and gained permission to withhold signing his contract until the fall term began. As the fall term approached [REDACTED] stated that he couldn't understand why the Bureau didn't advise him one way or the other. He stated that he knew people who put in their applications after he did who were being given appointments from both the Los Angeles and San Diego areas.

In the middle of September, 1947, [REDACTED] came to the writer and advised that he had been given an ultimatum to sign his contract if he intended to teach next year. He stated that he was considering discontinuing his employment as an instructor and taking some temporary employment until his appointment came through. He advised that he had been told in the San Diego office that no word had been received from the Bureau other than that which he had already received and, therefore, he was considering writing another letter to the Bureau. The writer saw that [REDACTED] was becoming more deeply involved in a rather embarrassing situation and since he was so enthused in obtaining the position of Special Agent in that he was actually willing to sacrifice his job, the writer decided to attempt to correct him in his mistaken intentions.

At that time the writer explained to [REDACTED] that, due to the troubled conditions of the world and the tremendous responsibilities placed upon the FBI for the security of the American people, the FBI had to take extreme and cautious securitive measures. There was no other way of accomplishing the protective program of the United States. Thus, in considering persons for employment with the FBI, the Bureau must of necessity eliminate all persons who had any contact of any kind with individuals of a subversive trend. I advised him that we had ascertained that he had once written a post card to such an individual some years ago and that, therefore, his application could not be considered now but might be considered at some future time. He was advised that this was no reflection upon him but was a securitive measure for the benefit of himself and the rest of America. I told him further that he should, therefore, continue his teaching and not depend upon the appointment in the immediate future. [REDACTED] was advised that this postponement did not infer any subversive activity on his part. At that time [REDACTED] seemed greatly relieved. He stated that he respected the judgment of the Bureau in such matters and was glad that they were so cautious. He did state, however, that he was very sorry that his appointment had been delayed indefinitely; but he was glad that the

mental strain of waiting had been removed. [REDACTED] advised that he would gladly go on teaching and would still desire the position of Special Agent if it were ever offered him. During this time the writer never conversed upon this matter with the applicant's wife.

The writer takes full responsibility concerning the above unfortunate incident. At the time he felt that he was using the best method to remove the Bureau from an embarrassing position and from making an enemy of a very cooperative friend. Now, however, the writer realizes he was very indiscreet and used very poor judgment in handling this matter. He realizes that a situation of dispensing Bureau information to outside sources can not be tolerated. The writer will see that no such indiscretion occurs in the future.

ReBulet 11-15-47 addressed to [REDACTED] of San Diego in response to her inquiry of November 7th, copies of which were forwarded the San Diego Office.

Inquiry reveals that SA LE ROY B. SKOUSEN, who was listed as a reference by the applicant at the time this matter was under investigation, has disclosed to the applicant the reason for his not being afforded favorable consideration by the Bureau. Since SA SKOUSEN is now assigned to the Los Angeles Office, the copies of the incoming communications from the Bureau are being forwarded the Los Angeles Office in order that Agent SKOUSEN may submit a memorandum concerning the nature of the disclosures made by him to [REDACTED] as to the status of the latter's application for appointment as a Bureau employee. The Los Angeles Office will forward the content of Agent SKOUSEN'S memorandum to the Bureau.

As you will recall, in my memorandum to you dated 11/14/47, reference was made to a communication received at the Bureau from the wife of [redacted] Special Agent applicant of San Diego, California. In her communication, she disclosed that certain derogatory information procured during the investigation of her husband was imparted to her husband by an employee of the Bureau whom she did not identify. She also requested to be advised of the exact status of her husband's application.

SAC Hood of the Los Angeles Office has advised that it has been conclusively established that Agent Leroy B. Skousen was solely responsible for divulging the derogatory information to the applicant. The SAC has obtained a detailed statement from the Agent who has assumed the entire responsibility in this matter.

BACKGROUND:

As you will further recall, in [redacted] communication, she advised that her husband was completely investigated by the Bureau and after receiving no satisfaction from the Bureau as to the exact status of her husband's application, "one of our good friends employed by the Bureau did a little investigating of his own" and learned of the derogatory information in the possession of the Bureau. She felt that it was strange that her husband should have been linked with a Communist, as reflected in the derogatory information procured by the Bureau, since he has never entertained a Communist thought in his life. She then remarked that the friend of theirs in the Bureau felt that a mistake had been made in this case and wrote to the Bureau to so advise them but received a reply that there was absolutely no hope of favorable consideration being given to the applicant at that time. [redacted] communication was acknowledged at which time she was informed that no encouragement could be offered relative to appointive action in her husband's case at this time.

RECORDED

67-208438-110

The investigation of the applicant disclosed that the Bureau files reflected in the case entitled, [redacted] "Disaffection", that [redacted] was discharged from the U. S. Army because of adverse information to the effect that he was radical, pro-Communist, subscribed to the Daily Worker, rendered the Nazi salute and favored other forms of Government. A postcard postmarked 11/26/43 in San Diego, California, was received by subject [redacted] from [redacted] (the applicant) on

which appeared the remarks, "I hope you are in the best of health and that you are continuing in your study for truth. May you always be guided in that quest". Under date of 5/26/47, the Bureau advised the San Diego Office of the foregoing information. It might also be noted that the applicant was not called for military service during the recent war. However, it was learned that he was granted continuous deferments by virtue of his having been a member of the Mormon "Bishopric" and thus was considered a member of the clergy.

COMMENTS OF AGENT SKOUSEN:

Agent Skousen, who was assigned to the San Diego Office until 7/14/47, advised in a detailed statement that he became acquainted with the applicant in 1945 and promptly observed that the applicant was a man of considerable influence in the field of education in the San Diego area and because of this and his outstanding qualities, the Agent suggested to him that he file an application for a position with the Bureau. This was done and shortly thereafter, the applicant disclosed to the Agent that he would be required to sign a teaching contract for the scholastic year beginning September 1947 but before doing so, he was anxious to determine the exact status of his application with the Bureau. He informed the Agent that he would not sign the contract if he were assured of an appointment to the Bureau as he was extremely anxious to become affiliated with the FBI. After being unable to obtain a definite opinion from the Bureau, the applicant confronted the Agent on several occasions concerning the status of his application and finally, during mid-September of the present year, [redacted] finally advised the Agent that he had been given an ultimatum to sign his contract if he intended to teach for the scholastic year beginning in September of 1947.

Agent Skousen advised that [redacted] was becoming more deeply involved in a rather embarrassing situation and in order to correct him in his mistaken intentions, he explained to [redacted] that due to the troubled conditions of the world and the tremendous responsibilities placed upon the FBI for the security of the American people, the Bureau was compelled to take extreme and cautious security measures and that there was no other way of accomplishing the protective program of the United States. He advised that he disclosed to the applicant that the Bureau had ascertained that he had once written a postcard to an individual whose loyalty was under question and therefore, the applicant could not be considered at that time but might be considered at some time in the future. He added that [redacted] was told to continue his teaching profession and not to depend upon an appointment to the Bureau in the immediate future but that this postponement did not infer any subversive activity on his part. The Agent advised that at no time did he discuss this matter with the applicant's wife.

FEB 23 1984

12/8/47

The Agent took full responsibility concerning this particular incident and stated that at the time he felt that he was using the best method to remove the Bureau from an embarrassing position and from making an enemy of a very cooperative friend. He added that he now realizes that he was very indiscreet and used very poor judgment in handling this matter and further realized that the situation of dispensing Bureau information to outside sources could not be tolerated. He concluded by stating that he would see to it that such indiscretions do not occur in the future.

COMMENTS OF SAC HOOD:

The SAC at Los Angeles to which office the Agent was transferred on 7/14/47 from San Diego informed the Bureau that the lack of discretion and violation of Bureau instructions on the part of Agent Skousen was inexcusable and recommended that he be reprimanded and receive a reduction in salary of \$200 per annum.

A PERMANENT BRIEF OF THIS AGENT'S FILE IS ATTACHED. A review of it reflects that the agent, a brother of Special Agent Cleon Skousen, also assigned to the Los Angeles Office, entered on duty as a clerk on 8/4/41 and was appointed a Special Agent on 7/19/43. Under date of 4/17/45, he requested a transfer to the Los Angeles Office because of ill health on the part of his wife and on 10/26/45, the Director advised him that it was not possible to transfer him to Los Angeles but that he was being transferred to San Diego and on 11/26/45, he reported to the San Diego Office. As previously stated, he was transferred to the Los Angeles Office on 7/14/47. His progress as an Agent has been highly satisfactory and no disciplinary action has ever been taken against him. It might also be noted that he is married, has three children, is presently assigned to his office of preference and is in Grade CAF-11 at a salary of \$4902 per annum.

RECOMMENDATIONS:

Although this Agent has assumed full responsibility for disclosing the aforementioned confidential information to the applicant and has stated that he felt that he was using the best method to remove the Bureau from an embarrassing position and from making an enemy of a very cooperative friend, it is nevertheless felt that his indiscretion and utter lack of good judgment in this instance in breaching one of the fundamental precepts of the Bureau was absolutely inexcusable. It is therefore recommended:

- (1) That he be suspended without pay for a period of two weeks. (It is noted that the effect of this suspension will be practically the same as SAC Hood's recommendation.)

J. Edgar Hoover,
Director,

Dear Mr. Hoover:

I just want to take the opportunity of advising you how sincerely I regret the incident which occurred several months ago in San Diego as a result of poor judgment on my part in dealing with an applicant whom I had encouraged to enter the service.

The manner in which this entire incident has backfired and caused embarrassment to the Bureau is the most regrettable experience of my life. I obviously let the Bureau down. Personally, the most unfortunate aspect of it is the fact that the trust which I know you have for your men, has in my case been temporarily shaken. This has truly taught me a great deal concerning my responsibility as an Agent, and that irrespective of how well-meaning one's intentions may be, a disregard of Bureau policies and restrictions is both inexcusable and dangerous.

As for the administrative action which you have found necessary to take in my case, I only want to say that I have learned my lesson and I appreciate the privilege of at least continuing in the service so as to eventually redeem my record. I have just completed a house here and I hoped to establish my family in Los Angeles. However, I have no one but myself to blame for the action the Bureau has taken, and I accept it with the resolve that never again will I permit anything to occur which will result in concern or embarrassment to you or the service.

Respectfully,

LERoy B. SKOUSEN

LOS ANGELES

JANUARY 12, 1948

This is a special efficiency report on Agent SKOUSEN who is under transfer to the Portland Office. He entered on duty as a Special Agent July 19, 1943 and has been assigned to the Los Angeles Office since July 14, 1947.

He is of average height and weight and makes a good appearance. He has a pleasant personality and creates a favorable impression. From July 14, 1947 to August 21, 1947, he handled Bureau, Departmental, Central Intelligence Group and Atomic Energy Act Applicant investigations. His volume of work was average, requiring less than average supervision. His work showed that he is a thorough investigator. He is interested in his work, conscientious and has devoted his own time after working hours to bring his cases to a logical conclusion.

Since August 21, 1947, he has spent most of his time in contacting educational institutions and other sources for prospective employees for the Bureau. In this contact work he has done very well in securing applicants for this organization. He has exercised initiative and resourcefulness in handling this special assignment.

He is a qualified Bureau speaker. He is rated as an excellent dictator. He has not had the opportunity to testify before the Federal Grand Jury or in the District Court while in this office but I believe he would make a satisfactory witness. His firearms scores have been above average and he is qualified for raids and special details.

The Bureau is fully aware of a recent situation in which this Agent exercised exceedingly poor judgment in disclosing to a potential Bureau employee information from the Bureau's files concerning his investigation. Obviously, such lack of judgment is uncalled for and as a result the Bureau has taken administrative action and placed him on probation.

LEROY B. SKOUSEN
SPECIAL AGENT, CAF-11
ANNUAL EFFICIENCY REPORT

This agent is neat in his personal dress and appearance, has a good personality, and has applied himself diligently and been industrious since his arrival in the Portland Division. He is intelligent and enthusiastic.

With regard to his dictating ability, he has been rated between good and very good by the stenographers, the suggestion being made for improvement of his dictation that he be more thorough in his preparation, particularly from a Bureau procedural standpoint. He has not appeared before Grand Jury in this district; however, from my observation I believe he should be able to handle himself capably in the witness chair. His firearms ability is above average. He should be able to handle himself upon dangerous assignments. He has operated on a physical surveillance since arrival in this territory and handled himself entirely satisfactorily. His reports have required less than the average amount of correction. He submits his reports in good form. He has, as I said earlier, applied himself diligently to his work, spending a considerable amount of extra time in development of cases, and has accomplished a good volume of work. He has also been alert to development of information pertinent to the general investigative duties, particularly the crime survey, in the territory in which he was working. He has developed one confidential informant who should be of considerable value to this office. His contacts with law enforcement officers have been very good, and I have heard a number of commendatory remarks from the police chiefs in the territory in which he was working. He is a qualified Bureau speaker and has appeared before a limited number of groups in his territory, carrying out these assignments capably. He has developed a large number of sources of information since being in this territory, and his contacts with business people have been very good. He follows through upon his work with a minimum of supervision with regard to the actual investigations and to the organization of his day-by-day work. He accepts responsibility, is alert to situations which will aid in the development of the Bureau's work in the territory to which he was assigned, and follows through on his responsibilities with a minimum of supervision.

He has been assigned to work both in the headquarters city and in a road territory out of the resident agency of Eugene. He has handled general and security cases and handled these cases in a discreet manner, showing good judgment in his contacts and the development of information concerning these security cases. He has not been used in a supervisory capacity since arrival in this Division, and other than my observation of the following of his cases, which he has done in a capable manner. I have had no opportunity to observe any particular supervisory ability. He maintains himself in good physical condition.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to February 15, 1948, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by-CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

Re: LEROY B. SKOUSEN
SPECIAL AGENT, CAF-11
SPECIAL EFFICIENCY REPORT

Reference is made to the report submitted by this office as of March 31, 1948.

Since that report, Special Agent SKOUSEN has continued to perform his work in a very good manner. He is still rated between good and very good with regard to his dictating ability, the suggestion being made that he improve by preparing his dictation more thoroughly. He has not appeared before Grand Jury or Federal Court, but from my observation of him I believe he would be a capable Government witness. His firearms ability is above average. He is able to handle himself on any type of dangerous assignment. He has operated on physical surveillance and performed satisfactorily at this time. His reports have been submitted in good form.

He is interested in the development of his work and has accomplished a good volume of work. He has also done a good job in the developing of informants for this office. He has developed a large number of sources of information. His contacts with law enforcement officers have been good. During the period of assignment here he has worked both in the headquarters city and road territory. He has been used upon all types of cases and is capable of handling all types of cases. He has also appeared before various groups and has carried out his assignments capably at this time. He has not been used in a supervisory capacity, although I believe from the manner in which he follows his cases he could be so used.. He maintains himself in good physical condition.

This agent's performance within this division has been very good, and upon this basis I would state that he is entitled to a very good rating at the present time.

Reference is made to Bureau letter of December 10, 1947 in regard to the above-named employee.

Since he has been in this division I have followed his work closely, observed his attitude and manner, and wish to state that his attitude has been very commendable. He has applied himself diligently to the Bureau's work, has not given any indication whatsoever of any indiscretion, and fully realizes the error that he committed for which he was reprimanded. In view of the work he has performed since arrival in this division, I would recommend that he be removed from probation at the present time.

This employee entered on duty as a Clerk 8/4/41 and was appointed to the position of Special Agent 7/19/43 in Grade CAF-9, \$3200 per annum. On 2/3/47 he was reallocated to Grade CAF-11, \$4902 per annum. As the result of an increase in basic salaries, effective 7/11/48, his salary in CAF-11 was increased to \$5253 per annum. He is being considered for reallocation to Grade CAF-12, \$6235.20 per annum and he is also eligible for an increase under the provisions of the Uniform Promotion Act effective 8/8/48.

On 12/10/47 he was censured, placed on probation for a period of six months, suspended without pay from 12/11/47 to 12/24/47 and was transferred to the Portland Office for divulging to a Bureau applicant certain confidential information of a derogatory nature which had been secured during the investigation of the applicant.

On 3/31/48 SAC Bobbitt rated him GOOD.

On 5/20/48 SAC Bobbitt rated him VERY GOOD.

By letter dated 6/18/48 he was advised that he was being removed from a probationary status.

RECOMMENDATION: In view of the administrative action taken against Agent Skousen, it is recommended that he be passed over for reallocation consideration and for the Uniform Promotion and that he be reconsidered in October, 1948.

Re: LEROY B. SKOUSEN
SPECIAL AGENT, CAF-11
SPECIAL EFFICIENCY REPORT

This is a special efficiency report submitted as requested by the Bureau.

This employee is an enthusiastic and conscientious worker. Since the last efficiency report submitted he has been assigned for the most part to road work, covering the southern Oregon coastline and, more recently, the eastern Oregon road trip territory. He has closely followed the cases assigned to him and, wherever possible, those having deadlines have been met. He has willingly and voluntarily worked after regular hours to complete investigations of an expedite nature. His reports are well prepared and require a minimum of supervision.

He has been rated by the stenographers in his dictating ability as very good with the suggestion being made that in some instances administrative details are left to the stenographers. The comment is also made that his dictation is at times somewhat jerky.

This employee has attended inservice training since the last efficiency report submitted and during inservice received two days of specialized training in photography. He handles firearms in a satisfactory manner, his scores being above average.

This employee has a pleasing personality and friendly manner. He should, based upon my observations, get along well with law enforcement officials.

On the basis of the performance of this employee's work since the last efficiency report submitted, it is felt that he is entitled to a rating of "Excellent" in his grade.

Special Agent SKOUSEN is of normal height and slender build. His contacts with law enforcement officials and the general public have appeared to be most satisfactory. He has done considerable road work, as well as work in the headquarters city, showing a good, substantial volume of work produced. He appears qualified to handle himself satisfactorily in all types of assignments. This agent is conscientious and has indicated an ability to accept responsibility with the very minimum of supervision. Thus far his work has been most favorable and I rate him as Excellent in Grade CAF-11.

Dear Mr. Skousen:

Your headquarters are being changed, public business permitting,
from Portland, Oregon, to Dallas,
effective upon your
arrival there on or after this date.

This change is made for official reasons and not primarily for
your convenience or benefit, or at your request. You will be allowed your
necessary expenses of transportation and a per diem in lieu of subsistence
of \$6.00 in connection therewith, such expenses to include the transporta-
tion of your immediate family as provided for in Public Law 600 of August 2,
1946, and Executive Order 9805, approved November 25, 1946.

You are authorized to use a privately owned automobile in con-
nection with your transfer and you will be reimbursed at the rate of five
cents per mile not to exceed the cost of common carrier by the most direct
route of all persons officially traveling in that vehicle.

The transportation of your household goods and personal effects
will be paid in accordance with regulations contained in Public Law 600
of August 2, 1946, and Executive Order 9805, approved November 25, 1946,
as amended.

Because of the large area covered by this resident agency, it is believed desirable to divide it if possible. SA LEROY B. SKOUSEN has determined that he can obtain proper housing after December 20, 1948, in the city of Baker, Oregon, which will place him in a position of being able to handle all investigative matters in Baker, Grant, Harney, and Malheur Counties, all of which are very large counties covering the southeast corner of the State of Oregon.

In view of the above it is recommended that SA SKOUSEN, whose work has been commendable since his assignment to the Portland Division, be designated as Resident Agent at Baker, Oregon.

RE: REALLOCATION OR UPA

This employee entered on duty as a Clerk, 8-4-41 and was appointed to the position of Special Agent 7-19-43 in Grade CAF-9, \$3200 per annum. On 2-3-47 he was reallocated to Grade CAF-11, \$4902 per annum. As the result of an increase in basic salaries, effective 7-11-48, his salary in CAF-11 was increased to \$5253 per annum. He is being considered for reallocation to Grade CAF-12, \$6235.20 per annum and he is also eligible for an increase under the provisions of the Uniform Promotion Act.

On 12-10-47 he was censured, placed on probation for a period of six months, suspended without pay from 12-11-47 to 12-24-47 and was transferred to the Portland Office for divulging to a Bureau applicant certain confidential information of a derogatory nature which had been secured during the investigation of the applicant.

On 3-31-48 SAC Bobbitt rated him GOOD.

On 5-20-48 SAC Bobbitt rated him VERY GOOD.

By letter dated 6-18-48 he was advised that he was being removed from a probationary status.

By memorandum dated 8-6-48 he was considered for reallocation and a UPA promotion, but in view of the administrative action taken against him it was recommended that he be passed over for both reallocation and UPA promotion, and be reconsidered in October, 1948.

On 10-25-48 SAC Fletcher rated him EXCELLENT.

RECOMMENDATION: It is recommended that he be reallocated to Grade CAF-12, \$6235.20 per annum, effective 11-14-48.

Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI

DATE: November 27, 1948

FROM : SAC, PORTLAND

SUBJECT: RESIDENT AGENCY
BAKER, OREGON

From a survey of the work existing in eastern Oregon it has been ascertained that Vale, Oregon, is more centrally located than Baker, Oregon, where the resident agency is presently situated. This situation was recognized at the time recommendation was made for the establishment of the resident agency at Baker. However, it was not possible to secure adequate housing in Vale at that time, although considerable effort was made with that in mind.

SA LEROY B. SKOUSEN, whom the Bureau has recently designated as the resident agent at Baker, has now been successful in securing housing in Vale, Oregon, which, in addition to being centrally located in the area covered in that section, is also the county seat for Malheur County. Because of its close proximity to Idaho and being located on the main highway leading into eastern Oregon from western Idaho, that city is more strategically located. It is therefore recommended that the headquarters for the resident agency presently located at Baker, Oregon, be changed to Vale, Oregon. If the Bureau concurs, it is requested this office be so advised by teletype in order that necessary arrangements for effecting the transfer of the resident agent may be immediately carried out.

The substantive errors in the cases "UNKNOWN SUBJECT; THEFT OF TWO 6-GALLON CASES OF PRESTONE FROM CONSOLIDATED FREIGHT TERMINAL, ONTARIO, OREGON, OCTOBER 6-7, 1948, THEFT FROM INTERSTATE SHIPMENT, THEFT OF GOVERNMENT PROPERTY" and "RUAL W. CARLSTROM, WA., TELLER, STATE BANK OF MALHEUR COUNTY, ONTARIO, OREGON, FEDERAL RESERVE ACT" have been discussed with SA SKOUSEN, and it is believed that it would serve no useful purpose to take further administrative action. SA SKOUSEN at the time of these errors was searching for housing during the period when he had an excessive number of deadline cases to meet, and overall assignments in the office were such that appropriate assistance could not be given to him. His work of establishing himself in this territory and handling an extreme case load by himself for a period of several months has been an above average performance.

RE: UNKNOWN SUBJECT; Theft of Two
6-gallon Cases of Prestone from

Ontario, Oregon, October 6-7, 1948
THEFT FROM INTERSTATE SHIPMENT
THEFT OF GOVERNMENT PROPERTY

Delinquency in this case was that the theft occurred on October 7, 1948, reported on October 26, 1948, and the writer's first period of activity was February 17, 1949. An explanation pertaining to the delay was requested.

The inspectors are referring to the following set of circumstances: The writer moved to Vale, Oregon, on about December 17, 1948. During the prior two months to that time the writer was supposed to be looking for a place to live, which was a rather difficult job inasmuch as there is quite a housing shortage in this section. Despite this fact the writer carried a full case load during this time. After the writer arrived in Vale, Oregon, the writer's case load remained extremely heavy, which resulted in long hours of overtime. (A review of the writer's daily report forms will readily show that the writer has spent practically all of his waking hours doing Bureau work.) During this time the writer met all of his deadline cases despite the fact that there is a great deal of time consumed in this resident agency in travel. Thus when \$42 worth of Prestone is stolen from an interstate shipment—reported twenty days later—the writer worked on this particular case as soon as the heavy case load he is carrying would allow.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to November 30, 1948, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by ~~CHECK~~ MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

During a recent self-inspection of the Portland Division, SAC Fletcher wrote up the case of RUAL W. CARLSTROM, was.; Teller, State Bank of Malheur County, Ontario, Oregon, FEDERAL RESERVE ACT, in which the closing report of Agent Skousen dated 1/20/49 at Portland reflects the taking of a signed statement from the subject admitting the embezzlement of \$500, which signed statement was not witnessed, Also the file contained no interview log.

AGENT'S EXPLANATION:

Agent Skousen advised the SAC that he forgot to witness the signed statement and inadvertently retained the interview log which he has subsequently forwarded to the field office.

PERSONNEL DATA:

Agent Skousen has been a Resident Agent since 11/10/48, first at Baker, Oregon and presently at Vale, Oregon. On 12/10/47, he was censured, placed on probation, suspended without pay from 12/11/47 to 12/24/47 and was transferred from Los Angeles to Portland for divulging to a Bureau applicant certain confidential information of a derogatory nature which had been secured during the investigation of the applicant.

RECOMMENDATION:

It is recommended that a letter of censure be directed to Agent Skousen for his negligence in failing to witness the subject's signed statement. ~~A letter is attached for use in the event this recommendation should be approved.~~

Portland, Oregon

Dear Sir:

The attention of the Bureau has been directed to your recent mishandling of the case of RUAL W. CARLSTROM, was., Federal Reserve Act, in which it is noted that you failed to witness a signed statement which the subject had executed admitting his violation of the Federal Reserve Act. Such a dereliction is not in keeping with the standards expected of Agents of this Bureau and might have resulted in considerable embarrassment both to yourself and the Bureau in the event the subject had been prosecuted.

In the future it will be necessary for you to display greater care in such matters in order to avoid similar shortcomings. Should there be a repetition, further administrative action may become necessary.

Very truly yours,

J. Edgar Hoover

ADDENDUM: The above is a copy of a letter of censure being directed to Agent Skousen for his dereliction in handling the investigation of the case of RUAL W. CARLSTROM, was., Federal Reserve Act. By separate communication he is also being advised of his transfer from Vale, Oregon, to Portland, thus effecting his removal as a Resident Agent, because of the shortcomings referred to above.

PERSONAL AND CONFIDENTIAL
 AIR MAIL

Rebulet May 16, 1949 transferring SA SKOUSEN from Vale, Oregon, to Portland, Oregon.

Further reference is made to the letter of May 16, 1949 to SA SKOUSEN concerning his mishandling of the case "RUAL W. CARLSTROM, wa, FEDERAL RESERVE ACT." It is noted that SA SKOUSEN was assigned as Resident Agent at Vale, Oregon, in order to give that particular part of the Portland territory adequate attention and through the representation by a Resident Agent to obtain full coverage of work developing in that territory. SA SKOUSEN established his residence at Vale while handling a very heavy case load. He has worked up this territory to such a degree that on occasion he needs the assistance of a road agent to get his work current. A police school has just been completed in the City of Ontario in which excellent police relations were developed, and the school was handled for five continuous days without the loss of attendance on the part of the seventeen men who originally attended the school. Inquiries have been received concerning the National Academy as a result of contacts with police agencies in this area. Prosecutive cases have been developed, and numerous appearances have been made before civic groups and organizations by Bureau representatives. In handling speeches before these groups SA SKOUSEN has made sufficient impression to have requests made for his return to give second talks on the Bureau and its work.

It is my opinion that SA SKOUSEN has laid the ground work resulting in development of excellent relations by this office in a territory which had previously been neglected. It is therefore recommended and suggested to the Bureau that the transfer of SA SKOUSEN from Vale to Portland be held in abeyance for a period of ninety days in order that the full benefits of his contacts with law enforcement officers and business men in that area may be fully realized by the Portland Division and the Bureau before his removal from that area.

Re: LEROY B. SKOUSEN
SPECIAL AGENT, CAF 12
SIX MONTHS EFFICIENCY REPORT

Has been removed as resident agent

By Bureau letter dated November 30, 1948, this employee was designated as resident agent at Vale, Oregon.

He is a conscientious, enthusiastic employee, and has devoted a great deal of time to handling the work assigned to him in his territory with little regard to the official working hours of the day, and frequently putting in additional time to complete the work assigned to him. Improvement has been noted in his dictation ability by the stenographers, he being rated as "very good", the suggestion being made, however, that further improvement could be achieved through eliminating the necessity for inserts.

He established his residence at Vale while handling a very heavy case load. Since his arrival in that territory he has developed excellent relations both with local law enforcement officials as well as with the local citizens with whom he has come in contact. He has increased the number of cases in that area to the extent that on occasions it has been necessary to provide a road trip agent in order to bring his work to a current status. A Police School recently was completed in the city of Ontario in which excellent police relations were developed. The school was handled for five days without any loss of attendance on the part of the 17 men attending. A request has recently been received from the Chief of Police at Nyssa, Oregon, requesting an application for the National Academy as a result of contacts which have been made by this agent with his department. An increase has been noted in prosecution of cases arising in the Vale residency area since the assignment of this agent to that residency. His general contacts in the area are reflected in the numerous requests that have been received since his assignment for appearances before civic groups and organizations of Bureau representatives. Talks which have been given by this Agent have so impressed the groups as to result in requests for return appearances.

During the recent self inspection of the Portland Office, it was noted in a review of the case RUAL W. CARLSTROM, wa, Teller, State Bank of Malheur County, Ontario, Oregon, Federal Reserve Act, Portland File 29-414, that this employee failed to witness the signed statement obtained from subject and failed to submit the interview log for inclusion in the file although one had been prepared by him at the time of interview.

On the basis of the overall performance of this agent, it is felt he is entitled to the rating of "Very Good".

It will be recalled that the above-mentioned Special Agent, who is presently designated as Resident Agent at Vale, Oregon, has been instructed to report back to Portland; however, by request of the SAC his return to Portland has been held up for a period of 90 days.

While SAC Fletcher of Portland was in Washington for conferences, he pointed out to me that Skousen is doing an outstanding job, is one of the best Agents in the office, and Mr. Fletcher was hopeful that Skousen could be redesignated as Resident Agent at Vale, Oregon.

I advised Fletcher that at the expiration of the 90-day period he, Fletcher, should advise the Bureau of his recommendations and at that time the Bureau would pass on them.

LEROY B. SKOUSEN
SPECIAL AGENT, CAF-12
SPECIAL EFFICIENCY REPORT

SA SKOUSEN has continued in his work of developing the territory in the extreme east portion of the State of Oregon in the vicinity of Vale, Ontario, and Baker, Oregon. His police relations have been excellent, the present candidate for the National Academy having been developed through his efforts at the City of Nyssa, Oregon, and another application received from the Sheriff of Malheur County located at Vale, Oregon. It is contemplated additional schooling will be handled this fall in this resident agency area as a result of his police work.

His reports have been well-written, requiring very little supervision. He has handled his own investigations in a logical manner. He is a conscientious employee and gauges his work by the amount of work to be handled and not by working hours. He has shown a substantial volume of production and assumes responsibility, carrying it out with but a minimum of supervision. He maintains his work in a current status.

SA SKOUSEN recently underwent an operation for the removal of his appendix and appears to be in sound physical condition.

His assignments have been in all types of cases arising in a resident agency, which include general criminal and personnel types of investigations. He is continuing to develop and has conducted a well-rounded program of handling his police relations and his work in over-all public relations of a resident agent in a most commendable manner. He has not indicated more than average administrative or supervisory ability.

He is rated as very good in his grade.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to July 31, 1949, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - ~~MONEY ORDER~~) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

PERSONAL AND CONFIDENTIAL

Rebulet June 1, 1949, authorizing the holding in abeyance of the transfer of SA SKOUSEN for a period of ninety days.

Enclosed is a special efficiency report concerning SA SKOUSEN. It is noted that he has carried on his activities in his resident agency assignment in a first class manner. He has developed a high interest in the FBI National Academy. Numerous speeches have been made before service clubs in the area, and police schooling has been requested and is being carried out on a regular program in the Vale Resident Agency area since this agent's assignment there as Resident Agent.

It is noted furthermore that he has brought to the attention of the prosecuting attorneys, the general public, and the police agencies just what the Bureau's jurisdiction is and the interest of the Bureau in being informed of all matters under its jurisdiction. As a result a steady case load has been developed and prosecutive cases have been prosecuted.

In view of the above it is my recommendation that this agent be retained as Resident Agent in Vale, Oregon, as it would be difficult to replace him and during the short period of his assignment there he has shown excellent results from a public relations standpoint as well as the handling of his investigative assignments resulting in successful prosecutions.

When SA SKOUSEN is next in the headquarters city he will be given an opportunity to read and initial the enclosed report, and the Bureau will be advised.
